The Hunt for Unicorns Winston Ma,Paul

Downs,2021-01-05 Who holds the power in financial markets For many the answer would probably be the large investment banks big asset managers and hedge funds that are often in the media's spotlight But more and more a new group of sovereign investors which includes some of the world's largest sovereign wealth funds government pension funds central bank reserve funds state owned enterprises and other sovereign capital enabled entities have emerged to become the most influential capital markets players and investment firms with 30 trillion in assets under management super asset owners Their ample resources preference for lower profile passive investing their long time horizon and adherence to sustainability as well as their need to diversify globally and by sector have helped to transform the investment world and in particular private markets for digital companies They have helped create and sustain an environment that has fostered the rise of the likes of Uber Alibaba Spotify and other transformative players in the digital economy while providing their founders and business models the benefit of long term capital Despite this increasingly important impact sovereign investors remain mostly unknown often maintaining a low profile in global markets For the same reason they're also among the most widely

misunderstood as many view investments made by sovereign investors as purely driven by political aims The general perception is that most sovereign investors lack transparency and have questionable governance controls causing an investee nation to fear exposure to risks of unfair competition data security corruption and non financially or non economically motivated investments The current global tensions around the AI race and tech competition and now the corona virus pandemic have exacerbated such misperceptions spawning controversies around sovereign investors and capital markets governments new technologies cross border investments and related laws and regulations As such sovereign capital and the global digital economy are undergoing an unprecedented contentious moment In short the emergence of sovereign funds symbolizes a major shift of the world s economic power For the first time investment funds from developing countries are playing with OECD financial giants as equals Furthermore their investments into high tech enable them to participate at the cutting edge of the fourth industrial revolution challenging traditional innovation powerhouses like the US and Germany For all stakeholders from tech unicorns VC funds asset managers financial firms to policymakers law firms academics and the general public this is the must have book to get to know these new venture capitalists and super asset owners *Aunt Judy's May-day Volume for Young People* ,1867 *The Unicorn Tapestries at the Metropolitan Museum of Art* Adolph S. Cavallo, Metropolitan Museum of Art (New York, N.Y.),1998 Among the most popular attractions at The Cloisters the medieval branch of The Metropolitan Museum of Art New York is a set of tapestries depicting the hunt of the fabled unicorn Each of the seven exquisite tapestries is reproduced in large colorplates and with a wealth of color details Created in the Netherlands in 1495 1505 they contain supremely memorable images from the vulnerable unicorn and the individualized faces of the hunters to the naturalistically depicted flora and fauna The author also looks at the construction of the tapestries and the historical and cultural context in which they were woven **Unicorns** Kathryn Hinds,2013-08-01 The unicorn is a symbol of purity Treat your readers to quotes from literary and historical sources abundant images and illustrations and a fascinating narrative about the history of the majestic unicorn **Unicorn Hunting** A.R. Hellbender,2013-09-11 Like many young women Caoilinn Cal Valderan has chosen an alternative to marriage or the nunnery hunting unicorns Though unicorn hunting is rewarded with monetary compensation she is unsure of the worth of slaying the pure white equestrians In this coming of age story of lost love and betrayal Cal chooses between unicorns and humans and between family obligations and her own values going against her society s expectations and questions what others do not dare to question
