Cousins, E. Martin, 2012-12-06 E MARTIN Acute pain services are now established worldwide and guidelines have been drawn for the management of acute pain resulting from surgical or medical procedures and trauma However the treatment of pain after surgery is still inadequate and no progress has been made in recent years in several countries including Germany There are still innumerable patients who find the is also no early postoperative period to be an unpleasant experience There doubt that pain plays a role in the pathogenesis of postoperative complications that could be avoided with effective pain management However concern about side effects and inadequate knowledge of the pharmacokinetics and dynamics of drugs is still putting constraints on treatment An acute pain service should be responsible for adequately treating pain training medical and nursing staff and evaluating new and existing methods of treatment As anesthesiologists deal with pain in the operating theater it is not surprising that they claim a leading role for themselves in acute pain services choosing from the various postoperative pain treatment options *My Own Country* Abraham Verghese, 2016-11-15 The memoir and first book from the author of the beloved New York Times bestseller Cutting for Stone Nestled in the Smoky Mountains of eastern Tennessee

the town of Johnson City had always seemed exempt from the anxieties of modern American life But when the local hospital treated its first AIDS patient a crisis that had once seemed an urban problem had arrived in the town to stay Working in Johnson City was Abraham Verghese a young Indian doctor specializing in infectious diseases Dr Verghese became by necessity the local AIDS expert soon besieged by a shocking number of male and female patients whose stories came to occupy his mind and even take over his life Verghese brought a singular perspective to Johnson City as a doctor unique in his abilities as an outsider who could talk to people suspicious of local practitioners above all as a writer of grace and compassion who saw that what was happening in this conservative community was both a medical and a spiritual emergency Out of his experience comes a startling but ultimately uplifting portrait of the American heartland as it confronts and surmounts its deepest prejudices and fears
