Over the years various approaches to validation have emerged in psychological and educational assessment research which can be classified into traditional approaches and modern approaches. Traditional approaches view validity as a multicomponential concept including for example content construct and predictive validity while modern approaches conceptualize it as a unitary concept evaluated

through argumentation Drawing on the modern approach this book builds a validity argument for an International English Language Testing System IELTS listening test sample The book provides some insights into the listening sub skills that the test engages the psychometric dimensionality of the test variables that predict item difficulty parameters bias across age nationality test experience and gender as well as predictive referenced evidence of validity A variety of techniques including the Rasch model and structural equation modelling are used to answer the research questions and to build a validity argument framework this argument organizes the thematically related findings into a coherent treatment of the validity of the listening test The book presents the first treatment of validity argument and related analytical tools in one volume and maps the psychometric statistical analysis tools onto the validity argument framework It also provides an extensive literature review of listening comprehension validation and psychometric modeling and proposes both methods for developing and validating self assessment instruments and novel approaches to improving the quality of language assessments

It focuses specifically on Japanese contexts and also includes theoretical and practical sections pertinent to all ELF researchers, practitioners and students irrespective of their national or regional differences. It further attempts to connect this new field of research to established fields of linguistics and applied linguistics such as communication assessment and multilingualism by exploring them from an ELF perspective which is challenging but essential for the development of the field. *Exploring ELF in Japanese Academic and Business Contexts* Conceptualisation, research and pedagogic implications includes chapters about English in a Global Context, Own language use in academic discourse, English as a lingua franca in international business contexts, A linguistic soundscape/landscape analysis of ELF information provision in public transport in Tokyo, Using pragmatic strategies for effective ELF communication, Relevance to classroom practice. This book will be of interest to scholars and post graduate students working in the fields of Applied Linguistics, TESOL. It will also engage researchers studying the growing influence of English around the world.
