

A job interview

Here are some typical questions which might be used at an interview for a job

How are you today? Did you have any trouble finding us? Isn't this great weather we're having?

Can I just check your personal information? Your name is, isn't it?

What is your present address and telephone number? What is your date of birth?

Are you married? Have you got any children?

Tell me about yourself. (Hobbies, interests.....)

What is your present job? What do you do? What are you doing at the moment?

Can you tell me about your responsibilities at your present/last job?

Why do you want to change jobs? What type of position are you looking for?

Are you interested in a full-time or part-time position?

Have you ever been unemployed before? If so, for how long?

How do you get on with people in general?

Do you mind taking on responsibilities?

Can you work on your own initiative?

Do you prefer giving orders to taking them?

How much do you expect to earn per month?

Would you be prepared to travel to foreign countries? Are you used to flying (air travel)?

What languages can you speak? Do you speak them fluently? Can you write them?

Where did you study English? How long did you study/have you been studying English?

Have you got an international driving licence and is your passport up to date/clean? Do you mind driving long distances? Have you got a car?

What word-processing packages can you use? Are you I.T. literate?

What do you think are your strong points? What is your greatest strength?

What is your greatest weakness? What are you most proud of having done recently?

We have a lot of applicants, why should we appoint you? Why do you want to work for us?

If we appointed you how long would you stay? Which is more important to you: status or money?

What are your long term goals?

What would you like to be doing in 10 years' time?

When will you be available to start? Have you got a contract to finish?

Job Interview Role Play Exercises:

5 Steps to Take Before Your Next Job Interview Lawrence OLeary, PhD, 2016-06-15 Lawrence OLeary PhD found through his research that up to 90 percent of Fortune 1000 organizations use very similar formats for employment interviews. He reveals that format and draws upon his more than thirty five years of experience conducting employment interviews to help job seekers get the positions they're targeting. Learn how to identify what the interviewers are after in your specific interview well before you participate in the interview. Develop an awareness of the types of questions your interviewer's will ask and how to prepare. Prepare your answers to many of the anticipated questions in your specific interview prior to being interviewed. Avoid a number of behaviors that weaken job interview performance. Identify the types of employment tests that may accompany your interview, what they measure and how to do your best on the tests. With a special chapter devoted to military veterans, they can learn how to communicate the value of many of their military experiences in support of their qualifications for the specific civilian job they are pursuing. In combination with the other seven short chapters, the veteran will go into the entire selection process thoroughly well informed. An added value to this book is that it not only prepares you for many types of employment interviews but also the interview for the specific job you are pursuing. Just as important, you'll learn why competencies are such a focus during the interview and why employers tend to follow the same format when seeking job candidates. Get the insights and tools that will help you get the job you are pursuing with *Five Steps to Take Before Your Next Job Interview*. This book gives you a peak behind the curtain of the employment interview to reveal those essential elements all job seekers need to learn in order to best showcase their skills and abilities in the interview. Therese Macan, Ph.D., Professor, Department of Psychological Sciences at the University of Missouri, St. Louis. The military veteran will find in Chapter 4, *Using Your Military Experience as an Asset*, an unusually practical guide for translating military language and accomplishments to the civilian world. Any veteran who takes the time to study this chapter and work through the examples can walk into the job interview with confidence. Ed Gaydos, Ph.D., veteran of the United States Army, Vice President of a Fortune 1000 organization, retired.

101 Interactive Classroom Teaching Activities Ishwar Singh & Rahul Pawar, 2023-08-03 Interactive classroom teaching activities are educational techniques that encourage active participation and engagement from students during classroom instruction. These activities can take many forms such as group discussions, peer-to-peer learning, hands-on experiments, simulations, and games. They are designed to facilitate a collaborative learning environment where students can share ideas, ask questions, and work together to solve problems. Interactive classroom teaching activities are important because they provide students with opportunities to develop critical thinking skills, communication skills, and teamwork skills. They also help to keep students engaged and motivated, which can lead to better retention of information and improved academic performance.
