The Road David Strassler, 2012-08-05 In this essay I discuss memories of some key past lives and an account of a Life Between Life regression I also refer to past lives as personifications of the core self Some refer to the core self as the higher self that part of one s totality that accompanies you on your journey through the ages But this is more than a compilation of memories of past lives This is also an account of what I have brought in from these lives how they have influenced me in this life

The Force Is With Us Thomas Walker, 2014-03-17 Inspired by encounters with his son from beyond the grave Tom Walker went searching for answers He discovered that paranormal phenomena have not only been exhaustively studied but that scientific evidence exists to support it He uncovered numerous scientific studies involving telepathy clairvoyance precognition and psychokinesis as well as government funded scientists who proved their validity Through his research Walker eventually came to the belief that there is a force in the world that makes things happen The force an energy field that permeates the universe forms and sustains all things and is the basis behind paranormal phenomena and alternative forms of healing He describes his provocative conclusions in this book Making compelling connections between ideas like the Great Void and dark matter between Ch i and quantum fields Walker argues that it is our connection with the higher planes of consciousness the fundamental quantum reality that truly makes up the world

The Haunting of Twentieth-Century America William J. Birnes, Joel Martin, 2011-09-13 In this sequel to *The Haunting of America* national bestselling authors Joel Martin and William J Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events In unearthing the roots of America s fascination with the ghosts goblins and demons that possess our imaginations and nightmares Martin and Birnes show how the paranormal has driven America s political public and military policies The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions UFOs that frightened the nation s military into launching nuclear bomber squadrons toward the Soviet Union out of body experiences used to gather sensitive intelligence on other countries and even spirits summoned to communicate with living politicians *The Haunting of Twentieth Century America* is a thrilling evidencebased exploration of the often unexpected influences of the paranormal on science medicine law the government the military psychology theology death and dying spirituality and pop culture At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied
