Report from the Select Committee on Steam-navigation to India ,1834 Translating the Language of the Syrian Revolution (2011/12) Eylaf Bader Eddin,2023-11-20 While the Arab revolutions have obviously triggered extensive social and political changes the far reaching consequences of the cultural and discursive changes have yet to be adequately considered For activists researchers and journalists the revolution was primarily a revolution in language a break with the linguistic oppression and the rigidity of the old regimes This break was accompanied by the emergence of new languages which made it possible to inform tell and translate the ongoing events and transformations This language of the revolution was carried out into the world by competing voices from Syria by local and foreign researchers activists and journalists The core of this project is to find the various translations of the language of the Syrian revolution 2011 2012 from Arabic to English to study and analyze In addition the discursive and non discursive dimensions of the revolution are to be seen as another act of translation including the language of the banners slogans graffiti songs and their representation in English

Palestine in the Victorian Age Gabriel Polley,2022-09-22 Narratives of the modern history of Palestine Israel often begin with the collapse of the Ottoman Empire and Britain's arrival in 1917 However this work argues that the contest over Palestine has its roots deep in the 19th century with Victorians who first cast the Holy Land as an area to be possessed by empire then began to devise schemes for its settler colonization The product of historical research among almost forgotten guidebooks archives and newspaper clippings this book presents a previously unwritten chapter of Britain's colonial desire and reveals how indigenous Palestinians began to react against or accommodate themselves to the West's fascination with their ancestral land From the travellers who tried to overturn Jerusalem's holiest sites to an uprising sparked by a church

bell and a missionary's tragic actions to one Palestinian's eventful visit to the heart of the British Empire Palestine in the Victorian Age reveals how the events of the nineteenth century have cast a long shadow over the politics of Palestine Israel ever since An American Dictionary of the English Language Noah Webster, 1877 The Century Dictionary, 1889

Dictionary of Anonymous and Pseudonymous English Literature Samuel Halkett, 1971 **Webster's Complete dictionary of the English language. Thoroughly revised and improved, by C.A. Goodrich and N. Porter** Noah Webster, 1884 Neither Belief nor Unbelief Sona Grigoryan, 2022-12-19 The book re-examines the religious thought and receptions of the Syrian poet Ab l Al al Ma arr d 1057 and one of his best known works *Luz m m l yalzam* The Self Imposed Unnecessity a collection of poems which although widely studied needs a thorough re-evaluation regarding matters of unbelief Given the contradictory nature of al Ma arr's oeuvre and *Luz m* in particular there have been two major trends in assessing al Ma arr's religious thought in modern scholarship One presented al Ma arr as an unbeliever and a freethinker arguing that through contradictions he practiced *taq ya i e* dissimulation in order to avoid persecution The other often apologetically presented al Ma arr as a sincere Muslim This study proposes that the notion of ambivalence is a more appropriate analytical tool to apply to the reading of *Luz m* specifically in matters of belief This ambivalence is directly conditioned by the historical and intellectual circumstances al Ma arr lived in and he intentionally left it unsolved and intense as a robust stance against claims of certainty Going beyond reductive interpretations the notion of ambivalence allows for an integrative paradigm in dealing with contradictions and dissonance
