Burt's writings on politics are by no means confined to praise or condemnation of particular people. He grasps the essence of issues that most others fail to see at all. Blumert was among the closest friends of Murray and Joey Rothbard, having helped him during his professional life many times. You will find here fascinating stories of their life together. There are also movie reviews, fiction and non-fiction reviews, commentary on media talking heads, observations on various mass insanities, and a contrarian take on virtually all conventional wisdom. This is an enjoyable book that helps you see the world through the eyes of an observer thoroughly steeped in the Rothbardian world view. As a writer, as you will see from this book, he is a talented satirist who can teach the truths of liberty and life while making you laugh out loud. Most of all, he has shown how the Mises-Rothbard dream of drawing together commerce and ideas can be achieved. Llewellyn H. Rockwell Jr.      **The Humor Hack**

Michael K. Cundall Jr., 2022-04-28. The Humor Hack is an entirely different book about using humor to lead a more engaged life. It's a playbook filled with anecdotes, exercises, and discussion of topics that will provide readers a way to understand how humor works and how they can take this knowledge and enrich their personal and professional lives with more laughs, enjoyment, and mirth. The book's content is based in research but not academic in tone or format and is accessible to the general reader. The subject matter is broken into chapters that teach people how to understand, recognize, and produce more humor in their day-to-day lives. It is written in a friendly and warm tone and avoids being nothing more than a series of stories about humor or an overly theory-laden academic book. It provides readers with a book that is enjoyable to read, informative, playful, and educational. That's why this is best described as a playbook. The book is meant to provide a sort of text that is missing in the current books out there that profess to be humor how-tos. It takes research related to humor and discusses it in an informed yet accessible fashion.      The Really Useful ICT Book Jill Jesson, Graham Peacock, 2012-10-12.
