Lazy Fascist Review #2 Cameron Pierce, Scott McClanahan, Cody Goodfellow, 2014-11 Books beer and pony flesh *The Review of Reviews* William Thomas Stead, 1925 *Becoming* Kavita Mudan Finn, EJ Nielsen, 2019-08-06 The NBC series Hannibal has garnered both critical and fan acclaim for its cinematic qualities its complex characters and its innovative reworking of Thomas Harris's mythology so well known from Jonathan Demme's Silence of the Lambs 1991 and its variants The series concluded late in 2015 after three seasons despite widespread fan support for its continuation While there is a healthy body of scholarship on Harris's novels and Demme's film adaptation little critical attention has been paid to this newest iteration of the character and narrative Hannibal builds on the serial killer narratives of popular procedurals while taking them in a drastically different direction Like critically acclaimed series such as Breaking Bad and The Sopranos it makes its viewers complicit in the actions of a deeply problematic individual and in the case of Hannibal forces them to confront that complicity through the character of Will Graham The essays in Becoming explore these questions of authorship and audience response as well as the show's themes of horror gore cannibalism queerness and transformation Contributors also address Hannibal's distinctive visual auditory and narrative style Concluding with a compelling interview with series writer Nick Antosca this volume will both entertain and educate scholars and fans of Hannibal and its many iterations

Radicals on the Road Bernard Schweizer, 2001 Schweizer an independent scholar explores the travel writing of George Orwell Evelyn Waugh Graham Greene and Rebecca West The observations made by these westerners of the lands they visited Catalonia Africa Mexico and Yugoslavia provide a range of views perhaps typical for the period Schweizer's reading concentrates on each author's politics and their psychological apprehension of the world around them The psychological theme is explored in the book's second half where Schweizer notes the inherently dualistic construction of national and international politics to be found in the writings as well as the authors' anxiety of foreign places and their sense of the uncanny c Book News Inc
