Path Dependence and New Path Creation in Renewable Energy Technologies James Simmie, 2016-01-08 Why are old technologies persisted with after better alternatives have been invented This book examines this question a central concern of evolutionary economics specifically focusing on renewable energy technologies The concept of path dependence is

used to analyse why and how technological development can become locked in to inefficient ways of doing things This book shows how lock in can be avoided by the creation of new technological pathways The chapters focus on the comparatively recent introduction of new wind turbine technologies for the generation of carbon free electricity This case study provides valuable lessons in understanding the issues confronting inventors attempting to commercialise their new ideas in the form of innovations in the face of historically established conventional technologies It is also set within the critical debate on climate change and the need to de carbonise energy supplies in order to stop further man made deterioration in the global environment This book was originally published as a special issue of European Planning Studies      *Cambridge Handbook of Institutional Investment and Fiduciary Duty* James P. Hawley, Andreas G. F. Hoepner, Keith L. Johnson, Joakim Sandberg, Edward J. Waitzer, 2014-04-10 The Cambridge Handbook of Institutional Investment and Fiduciary Duty is a comprehensive reference work exploring recent changes and future trends in the principles that govern institutional investors and fiduciaries A wide range of contributors offer new perspectives on the dynamics that drive the current emphasis on short term investment returns Moreover they analyze the forces at work in markets around the world which are bringing into sharper focus the systemic effects that investment practices have on the long term stability of the economy and the interests of beneficiaries in financial social and environmental sustainability This volume provides a global and multi faceted commentary on the evolving standards governing institutional investment offering guidance for students researchers and policy makers interested in finance governance and other aspects of the contemporary investment world It also provides investment business financial media and legal professionals with the tools they need to better understand and respond to the new financial market challenges of the twenty first century      The History of Oxford University Press: Volume IV Keith Robbins, 2017-05-26 The story of Oxford University Press spans five centuries of printing and publishing Beginning with the first presses set up in Oxford in the fifteenth century and the later establishment of a university printing house it leads through the publication of bibles scholarly works and the Oxford English Dictionary to a twentieth century expansion that created the largest university press in the world playing a part in research education and language learning in more than 50 countries With access to extensive archives the four volume History of OUP traces the impact of long term changes in printing technology and the business of publishing It also considers the effects of wider trends in education reading and scholarship in international trade and the spreading influence of the English language and in cultural and social history both in Oxford and through its presence around the world In the decades after 1970 Oxford University Press met new challenges but also a period of unprecedented growth In this concluding volume Keith Robbins and 21 expert contributors assess OUP s changing structure its academic mission and its business operations through years of economic turbulence and continuous technological change The Press repositioned itself after 1970 it brought its London Business to Oxford closed its Printing House and rapidly developed new publishing for English language teaching in regions far beyond its traditional markets Yet

in an increasingly competitive worldwide industry OUP remained the department of a major British university sharing its commitment to excellence in scholarship and education The resulting opportunities and sometimes tensions are traced here through detailed consideration of OUP's business decisions the vast range of its publications and the dynamic role of its overseas offices Concluding in 2004 with new forms of digital publishing The History of OUP sheds new light on the cultural educational and business life of the English speaking world in the late twentieth century **Demonizing a President**

Martin A. Parlett, 2014-08-28 This groundbreaking political expos scrutinizes the motivations behind the unparalleled attacks on President Barack Obama that attempted to undermine his eligibility to lead the country The ascendancy of the first Black president was a watershed moment in American history In response Obama's adversaries engaged in relentless and systematic mudslinging throughout his campaign and well into his presidency othering him as a foreign and dangerous political figure Never before has a presidential candidate been so maligned by so many in such a variety of ways and yet won This provocative study investigates the unrest behind the Obama campaign and election and the controversial political machine that caused it Martin A Parlett himself a former campaigner for Barack Obama examines the role identity politics and racialization played in the anti Obama movement shows how foreignization is the latest tool for political dissent and discusses the ways in which Obama successfully used the outsider label to his own advantage The book questions the popular and often contradictory notions of Obama as illegitimate Muslim Marxist Communist socialist Kenyan terrorist and angry African American Additionally chapters trace political marginalization and race throughout history from slavery to Reconstruction to the Civil Rights Movement concluding with the culture of distrust in the American political psyche since the events of September 11 2001 **The Development of Modern Industries in Bengal** Indrajit Ray, 2018-05-25 Bengal's

traditional industries once celebrated worldwide largely decayed under the backwash effects of the British Industrial Revolution in the first half of the nineteenth century Although colonial ambivalence is often cited as an explanation this study also shows that a series of new industries emerged during this period The book reappraises the thesis of India's deindustrialisation and discusses the development status of the traditional industries in the early nineteenth century examines their technology employment opportunities and marketing and finally analyses the underlying reasons for their decay It offers a study of how traditional industries evolved into modern enterprises in a British colony and contributes to the broader discussion on the global history of industrialisation This book will be of interest to scholars of Indian economic history as well as those who seek to understand the widespread effects of industrialisation especially in a colonial context
