This comprehensive and student friendly book strives to equip the young practising and budding managers to find solutions to the real world problems through the efficient and effective use of economic tools and techniques. The authors who admirably combine academic and professional experience give a clear and straightforward analysis of the various topics in managerial economics. Besides, it also explains the cost and revenue, supply, pricing, profit and investment analyses. Finally, this book discusses some important Case Studies to reinforce the concepts presented in the text. The third edition of the book comprises multiple choice questions with answers at the end of each chapter to test the understanding of the concepts discussed in the chapter. Besides the objectives, strategies and initiatives of the twelfth five year plan 2012-2017 of Planning Commission as well as a new section on Replacement of Indian Planning Commission with NITI Aayog have been incorporated in the chapter on Macroeconomic Analysis.
