- n I enjoy a certain aspect of my course which I wish to pursue
- n I want to study something completely different
- n I need a professional qualification for my chosen career
- n I need a qualification to be able to get onto a professional training course

Researching courses

Questions to ask

- n Does this course fulfil the requirements of why I am taking the course?
- n What additional skills, experience and knowledge will I gain?
- n How will this help me gain entry into my chosen field?
- n Is the course professionally recognised or accredited?
- n What are the entry requirements?
- n What does the course involve?
- n Is the course cost effective

Finding answers

- n Read course prospectuses and websites
- n Ring Admissions departments for further information
- n View professional organisations website to see if there are industry accredited courses available

When to apply

Deadlines vary depending on each individual course and institution and applications are usually made directly to the institution. **You would normally apply for a postgraduate course at the beginning of your final year;** however some courses may have places left in September. Most taught courses operate a first come first serve basis so if you want to study a particular course you should apply as soon as possible. If you miss the autumn intake for a course it can be worth checking to see if they have a January intake.

If you are concerned about how you are going to pay for the course, you can still apply, as even if you are accepted onto a course you are often able to defer your place due to financial reasons.
