An Executive's Guide to Econometric Forecasting Al Migliaro, Chaman L. Jain, 1987 **A Guide to Econometrics**

Peter Kennedy, 2003 A popular intuitively based overview of econometrics Investment Management Ramanna Vishwanath, Chandrasekhar Krishnamurti, 2009-04-21 Sound investment decisions require an in depth knowledge of the financial markets and available financial instruments This book provides students and professionals with an understanding of the role and activities of an equity security analyst within the investment process Emphasis is on understanding the process of analyzing companies the valuation process and the challenges of achieving success in a highly competitive capital market The authors present a comprehensive compendium on the financial theory the empirical evidence and the mathematical tools that form the underlying principles of investment decisions Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1973 *History and Economic Life* Georg Christ, Philipp R. Rössner, 2020-02-27 History and Economic Life offers students a wide ranging introduction to both quantitative and qualitative approaches to interpreting economic history sources from the Middle Ages to the Twentieth Century Having identified an ever widening gap between the use of qualitative sources by cultural historians and quantitative sources by economic historians the book aims to bridge the divide by making economic history sources more accessible to students and the wider public and highlighting the need for a complementary rather than exclusive approach Divided into two parts the book begins by equipping students with a toolbox to approach economic history sources considering the range of sources that might be of use and introducing different ways of approaching them The second part consists of case studies that examine how economic historians use such sources helping readers to gain a sense of context and understanding of how these sources can be used The book thereby sheds light on important debates both within and beyond the field and highlights the benefits gained when combining qualitative and quantitative approaches to source analysis Introducing sources often avoided in culturally minded history or statistically minded economic history courses respectively and advocating a combined quantitative and qualitative approach it is an essential resource for students undertaking source analysis within the field Empirical Post Keynesian Economics Richard P F Holt, Steven Pressman, 2014-12-18 This text highlights the major empirical questions and issues facing Post Keynesian economics today Featuring contributions by leading Post Keynesian economists it focuses on public policy and real life analysis of this vibrant and dynamic economic theory In language that is accessible to upper level undergraduate and graduate students professional economists and public policy makers each of the chapters takes on a specific issue of concern to all professional economists provides empirical analysis of the issue and then discusses the Post Keynesian view on the topic and contrasts it with the orthodox perspective The topics covered are grouped into three main categories empirical studies of consumption empirical studies of business investment and empirical studies of international economic relations

Handbook of Planning Support Science Stan Geertman, John Stillwell, 2020-02-28 Encompassing a broad range of innovative studies on planning support science this timely Handbook examines how the consequences of pressing societal challenges can be addressed using computer based systems Chapters explore the use of new streams of big and open data as

well as data from traditional sources offering significant critical insights into the field *Entrepreneurship and Sustainability* Paul W. Thurman, 2016-04-29 In *Entrepreneurship and Sustainability* the editors and contributors challenge the notion that not for profit social entrepreneurship is the only sort that can lead to the alleviation of poverty Entrepreneurship for profit is not just about the entrepreneur doing well Entrepreneurs worldwide are leading successful for profit ventures which contribute to poverty alleviation in their communities With the challenge of global poverty before them entrepreneurs continue to develop innovative business oriented ventures that deliver promising solutions to this complex and urgent agenda This book explores how to bring commercial investors together with those who are best placed to reach the poorest customers With case studies from around the World the focus of the contributions is on the new breed of entrepreneurs who are blending a profit motive with a desire to make a difference in their communities and beyond borders A number of the contributions here also recognize that whilst much research has been devoted to poverty alleviation in developing countries this is only part of the story Studies in this volume also focus upon enterprise solutions to poverty in pockets of significant deprivation in high income countries such as the Appalachia region of the US in parts of Europe and the richer Asian countries Much has been written about the achievements of socially orientated non profit microfinance institutions This valuable academically rigorous but accessible book will help academics policy makers and business people consider what the next generation of more commercially orientated banks for the bottom billion might look like *An Economist's Guide to Economic History* Matthias Blum, Christopher L. Colvin, 2018-12-08 Without economic history economics runs the risk of being too abstract or parochial of failing to notice precedents trends and cycles of overlooking the long run and thus misunderstanding how we got here Recent financial and economic crises illustrate spectacularly how the economics profession has not learnt from its past This important and unique book addresses this problem by demonstrating the power of historical thinking in economic research Concise chapters guide economics lecturers and their students through the field of economic history demonstrating the use of historical thinking in economic research and advising them on how they can actively engage with economic history in their teaching and learning Blum and Colvin bring together important voices in the field to show readers how they can use their existing economics training to explore different facets of economic history Each chapter introduces a question or topic historical context or research method and explores how they can be used in economics scholarship and pedagogy In a century characterised to date by economic uncertainty bubbles and crashes *An Economist's Guide to Economic History* is essential reading For further information visit <http://www.blumandcolvin.org>

Contested Architectural Pasts and Futures of a Regional City, Geelong, Australia Mirjana Lozanovska, Ursula de Jong, 2024-10-03 This collection of essays highlights current debates for cities undergoing urban renewal focussing on regional cities as places that lead change Like many regional cities Geelong is grappling with the legacy of its industrial architectural heritage and identity This in depth study of the city of Geelong examines theories and realities from the

speculative to the mundane critical to change pre-empted by deindustrialisation While this book argues that architecture and the built environment are key to urban renewal an intersectional perspective on Geelong as a place raises contested pasts and territories This brings attention to the dispossession of First Nations people by British colonisers as well as the exploitation of immigrant communities in industrial production Informed by positions on design futures decolonising and cultural urbanisms adaptive re-use and the post-industrial city the chapters in this book expand an interdisciplinary field relevant to scholars and practitioners in heritage and conservation urban design community engagement and place making more generally

Technology-focused Acquisitions Jan Paul Stein, 2017-07-24 Technology focused acquisitions are an important complement to the firm's internal product development efforts There is considerable heterogeneity when comparing individual technology focused acquisitions especially with respect to acquisition timing and the deal value To resolve some of this heterogeneity the author introduces the novel distinction between performance and functionality focused acquisitions He characterizes this distinction based on a theoretical analysis a qualitative study and turns to a sample of acquisitions in the field of artificial intelligence for the quantitative study There are two key findings First performance focused acquisitions take place earlier in a target's life cycle than functionality focused ones Second the deal value is at a comparable stage in a target's life cycle higher for performance focused acquisitions This thesis is relevant for management scholars and managers alike Scholars learn about the implications of the distinction between performance and functionality focused acquisitions on markets for technology Managers gain insights into how this distinction may guide their strategic decision making
