**Compact Cinematics** Pepita Hesselberth,Maria Poulaki,2017-01-26 Compact Cinematics challenges the dominant understanding of cinema to focus on the various compact short miniature pocket sized forms of cinematics that have existed from even before its standardization in theatrical form and in recent years have multiplied and proliferated taking up an increasingly important part of our everyday multimedia environment Short films or micro narratives cinematic pieces or units re assembled into image archives and looping themes challenge the concepts that have traditionally been used to understand cinematic experience like linear causality sequentiality and closure and call attention to complex and modular forms of cinematic expression and perception Such forms in turn seem to meet the requirements of digital convergence which has pushed the development of more compact and mobile hardware for the display and use of audiovisual content on laptops smartphones and tablets Meanwhile

contemporary economies of digital content acquisition filing and sharing equally require the shrinking of cinematic content for it to be recorded played projected distributed and installed with ease and speed In this process cinematic experience is shortened and condensed as well so as to fit the late capitalist attention economy The essays in this volume ask what this changed technical socio economic and political situation entails for the aesthetics and experience of contemporary cinematics and call attention to different concepts theories and tools at our disposal to analyze these changes **Complex TV** Jason

Mittell, 2015-04-10 A comprehensive and sustained analysis of the development of storytelling for television Over the past two decades new technologies changing viewer practices and the proliferation of genres and channels has transformed American television One of the most notable impacts of these shifts is the emergence of highly complex and elaborate forms of serial narrative resulting in a robust period of formal experimentation and risky programming rarely seen in a medium that is typically viewed as formulaic and convention bound **Complex TV** offers a sustained analysis of the poetics of television narrative focusing on how storytelling has changed in recent years and how viewers make sense of these innovations Through close analyses of key programs including *The Wire* *Lost* *Breaking Bad* *The Sopranos* *Veronica Mars* *Curb Your Enthusiasm* and *Mad Men* the book traces the emergence of this narrative mode focusing on issues such as viewer comprehension transmedia storytelling serial authorship character change and cultural evaluation Developing a television specific set of narrative theories **Complex TV** argues that television is the most vital and important storytelling medium of our time Screenwriting Mastery: The Complete Guide to Crafting Compelling Screenplays Boreas M.L.
