

### INHERIT THE WIND

State the speaker and the significance of the following quote: Your answers must be in **complete paragraph format**. (Remember: one sentence = one point)

(5 marks each)

1. The individual human mind. In a child's power to master the multiplication table there is more mystery than in all your stonied "Mosaic", "Holy Writ" and "Mosaicist". An idea is a greater monument than a cathedral. And the advance of man's knowledge is more of a miracle than any stick turned to snake, or the parting of waters!
2. Lord, we call down the same curse on those who ask grace for this sin—though they be blood of my blood, and flesh of my flesh!
3. I am trying to establish, Your Honor, that Howard—or Colonel Brady—or Charles Daniels—or anyone else in this courtroom—or you, sir—has the right to think!

**Law at the Movies** Stanley Fish, 2024-01-30 This book asks How can legal doctrine be turned into filmic art By legal doctrine Stanley Fish does not mean the sonorous abstractions that usually accompany the self presentation of law Justice Equity Equality Liberty Autonomy and the like Rather he has in mind the specific rules and procedures invoked and analyzed by courts on the way to declaring a decision lawyer client confidentiality the distinction between interdicted violence and the violence performed by the legal system the interplay of positive law and laws rooted in morality the difference between civilian law and military law the death penalty the admissibility of different forms of evidence In the movies he discusses these and other points of doctrine and procedure do not serve as a background occasionally visited to the substantive issues that drive the plot and provide the characters with choices they declare the plot and character is formed and tested in relationship to their demands Apparently technical matters are pressed until they occupy both foreground and background and become the movie s true subject If large abstract concepts emerge they emerge at the back end of doctrine and are in effect produced by doctrine These are not law themed movies they are movies about the unfolding

of legal process     On the Fringe Michael D. Gordin, 2021-03-23 Everyone has heard of the term pseudoscience typically used to describe something that looks like science but is somehow false misleading or unproven Many would be able to agree on a list of things that fall under its umbrella astrology phrenology UFOlogy creationism and eugenics might come to mind But defining what makes these fields pseudo is a far more complex issue It has proved impossible to come up with a simple criterion that enables us to differentiate pseudoscience from genuine science Given the virulence of contemporary disputes over the denial of climate change and anti vaccination movements both of which display allegations of pseudoscience on all sides there is a clear need to better understand issues of scientific demarcation On the Fringe explores the philosophical and historical attempts to address this problem of demarcation This book argues that by understanding doctrines that are often seen as antithetical to science we can learn a great deal about how science operated in the past and does today This exploration raises several questions How does a doctrine become demonized as pseudoscientific Who has the authority to make these pronouncements How is the status of science shaped by political or cultural contexts How does pseudoscience differ from scientific fraud Michael D Gordin both answers these questions and guides readers along a bewildering array of marginalized doctrines looking at parapsychology ESP Lysenkoism scientific racism and alchemy among others to better understand the struggle to define what science is and is not and how the controversies have shifted over the centuries On the Fringe provides a historical tour through many of these fringe fields in order to provide tools to think deeply about scientific controversies both in the past and in our present     **LIFE** ,1966-12-09 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use     **107-2 Hearing: The Financial Collapse Of Enron--Part 2, Serial No. 107-88, February 7, 2002, \***,2002     The Financial Collapse of Enron: Feb. 7, 2002 United States.
