John Stuart Mill and the Art of Life Ben Eggleston, Dale E. Miller, David Weinstein, 2010-11-10 The Art of Life is John Stuart Mill's name for his account of practical reason. In this volume eleven leading scholars elucidate this fundamental but widely neglected element of Mill's thought. Mill divides the Art of Life into three departments: Morality, Prudence or Policy, and Aesthetics. In the volume's first section, Rex Martin, David Weinstein, Ben Eggleston, and Dale E. Miller investigate the relation between the departments of morality and prudence. Their papers ask whether Mill is a rule utilitarian and if so whether his practical philosophy must be incoherent. The second section contains papers by Jonathan Riley and Wendy Donner who explore the relation between the departments of morality and aesthetics. They discuss issues ranging from supererogation to aesthetic pleasure and humanity's relationship with nature. The papers in the third section consider the Art of Life's axiological first principle, the principle of utility. Elijah Millgram contends that Mill's own life refutes his claim that the Art of Life has a single axiological first principle. Philip Kitcher maintains that Mill has a dynamic axiology requiring us to continually refine our conception of the good. In the final section, three papers address what it means to put the Art of Life into practice. Robert Haraldsson locates an Art of Ethics in *On Liberty* that is in tension with the Art of Life. Nadia Urbinati plumbs the classical roots of Mill's view of the good life. Finally, Colin Heydt develops Mill's suggestion that we regard our own lives as works of art.

Buddhist Visions of the Good Life for All Sallie B. King, 2021-05-30 This book highlights what Buddhism has to offer for living well here and now for individuals, society as a whole, all sentient beings, and the planet itself. From the perspectives of a variety of Buddhist thinkers, the book evaluates what a good life is like, what is desirable for human society, and ways in which we should live in and with the natural world. By examining this worldly Buddhist philosophy and movements in India, Sri Lanka, Bhutan, the Tibetan diaspora, Korea, Taiwan, Japan, and the United States, the book assesses what Buddhists offer for the building of a good society. It explores the proposals and programs made by progressive and widely influential lay and monastic thinkers and activists, as well as the works of movement leaders such as Thich Nhat Hanh and Dr. B. R. Ambedkar, for the social, economic, political, and environmental systems in their various countries. Demonstrating that Buddhism is not solely a path for the realization of nirvana but also a way of living well here and now, this book will be of interest to researchers working on contemporary and modern Buddhism, Buddhism and society, Asian religion, and Engaged Buddhism.

In Praise of Great Compassion Dalai Lama, Thubten Chodron, 2020-08-11 Discover the Dalai Lama's definitive teaching on compassion in this fifth volume of the Dalai Lama's definitive Library of Wisdom and Compassion series. In Praise of Great Compassion, the fifth volume of the Library of Wisdom and Compassion, continues the Dalai Lama's teachings on the path to awakening. While previous volumes focused on our present situation and taking responsibility for creating the causes of happiness, this volume concerns opening our hearts and generating the intention to make our lives meaningful by benefiting others. We are embedded in a universe with other living beings, all of whom have been kind to us in one way or another. More than any other time in human history, we depend on one another to stay alive and flourish. When we look closely, it becomes apparent that we have been the recipient of great kindness. Wanting to repay others' kindness, we cultivate a positive attitude by contemplating the four immeasurables of love, compassion, empathic joy, and equanimity, and the altruistic intention of bodhicitta. We learn to challenge the self-centered attitude that leads to misery and replace it with a more realistic perspective, enabling us to remain emotionally balanced in good and bad times. In this way, all circumstances become favorable to the path to awakening.

Sounds of Innate Freedom, 2020-12-29 The first volume in an historic and noteworthy 6-volume series containing many of the first English translations of the classic mahamudra literature compiled by the Seventh Karmapa, Sounds of Innate Freedom: The Indian Texts of Mahamudra, is an historic six-volume series containing many of the first English translations of classic Mahamudra literature. The texts and songs in these volumes constitute the large compendium called The Indian Texts of the Mahamudra of Definitive Meaning, compiled by the Seventh Karmapa, Chötra Gyatso (1456-1539). Mahamudra refers to perfect buddhahood in a single instant, the omnipresent essence of mind, nondual and free of obscuration. This collection offers a brilliant window into the richness of the vast ocean of Indian Mahamudra texts, many cherished in all Tibetan lineages, particularly in the Kagy tradition, giving us a clear view of the sources of one of the world's great contemplative traditions. This first volume in publication contains the majority of songs of realization, consisting of dohas, couplets, vajragitis, vajra songs, and caryagitis, conduct songs, all lucidly expressing the inexpressible. These songs offer readers a feast of profound and powerful pith instructions uttered by numerous male and female mahasiddhas, yogis, and dakinis, often in the context of ritual ganacakras and initially kept in their secret treasury. Displaying a vast range of themes, styles, and metaphors, they all point to the single true nature of the mind, mahamudra, in inspiring ways and from different angles, using a dazzling array of skillful means to penetrate the sole vital point of buddhahood, being found nowhere but within our own mind. The beautifully translated texts brilliantly capture the wordplay, mystical wonder, bliss, and ecstatic sense of freedom expressed by awakened Mahamudra masters of India. It includes works by Saraha, Mitrayogi, Virupa, Tilopa, Naropa,

Maitripa Nagarjuna the female mahasiddhas princess Laksmimkara and Dombiyogini and otherwise unknown awakened figures of this rich tradition Reading and singing these songs that convey the inconceivable and contemplating their meaning in meditation will open doors to spiritual experience for us today just as it has for countless practitioners in the past
