Training Manual for Industrial Training Institutues Pt. 1 ,2014 **Manual Training Made Serviceable to the School** Woldemar Goetze,2015-06-12 Excerpt from Manual Training Made Serviceable to the School As the whole question of Manual Training has been discussed the objections to it considered and its historical development traced by Dr G tze in his Manual published in the early part of the present year it will be unnecessary to repeat here what is already on record in an accessible form The special objects of the present volume are fully set forth in the two introductory chapters The impression would seem to prevail in some quarters that Manual Training is essentially a subject for primary schools in which education proper is subordinated to the means of bread winning That however is not the view of its advocates who claim that its educative qualities are such that no school can afford to ignore it As many of the higher schools already possess workshops it would be easy for them to make trial of the system The expense is not greater than that involved by the common unmethodical forms of handicraft as taught by the artisan Perhaps the making of apparatus may commend itself to utilitarian minds by its practical value and induce investigation of the whole matter In making the translation I have aimed at lucidity rather than finish and have not shrunk from repetition or seeming redundancy of phrase if greater clearness seemed to result therefrom Technical terms have been as much as possible avoided and such only have been admitted as are of almost universal acceptance About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to
