The Rhetorical Road to Brown v. Board of Education Wanda Little Fenimore, 2023-04-21 As early as 1947 Black parents in rural South Carolina began seeking equal educational opportunities for their children After two unsuccessful lawsuits these families directly challenged legally mandated segregation in public schools with a third lawsuit in 1950 which was eventually decided in Brown v Board of Education Amidst the Black parents resistance Elizabeth Avery Waring a twice divorced northern socialite and her third husband federal judge J Waties Waring launched a rhetorical campaign condemning white supremacy and segregation In a series of speeches the Waring's exposed the incongruity between American democratic ideals and the reality for Black Americans in the Jim Crow South They urged audiences to pressure elected representatives to force southern states to end legal segregation Wanda Little Fenimore employs innovative research methods to recover the Waring's speeches that said the unsayable about white supremacy When the couple poked at the contradiction between segregation and all men are created equal white supremacists pushed back As a result the couple received both damning and congratulatory letters that reveal the terms upon which segregation was defended and the reasons those who opposed white supremacy remained silent Using rich archival materials Fenimore crafts an engaging narrative that illustrates the rhetorical context from which Brown v Board of Education arose and dispels the notion that the

decision was inevitable The first full length account of the Warings rhetoric this multilayered story of social progress traces the symbolic battle that provided a locus for change in the landmark Supreme Court decision **Empire of the Air** Jenifer Van Vleck,2013-11-01 Jenifer Van Vleck s *Empire of the Air* reveals the central role commercial aviation played in the U S ascent to global preeminence in the twentieth century as the federal government partnered with the aviation industry to deliver American power across the globe and sell the idea of the American Century to the public at home and abroad

Foreign Office,Great Britain. Foreign and Commonwealth Office,1881 [The President as Statesman](#) Daniel D. Stid,1998 A political scientist who went on to become president Woodrow Wilson envisioned a responsible government in which a strong leader and principled party would integrate the separate executive and legislative powers His ideal however was constantly challenged by political reality Daniel Stid explores the evolution of Wilson s views

on this form of government and his endeavors as a statesman to establish it in the United States The author looks over Professor and then President Wilson's shoulder as he grappled with the constitutional separation of powers demonstrating the importance of this effort for American political thought and history Although Wilson is generally viewed as an unstinting and effective opponent of the separation of powers the author reveals an ambivalent statesman who accommodated the Founders logic This book challenges both the traditional and revisionist views of Woodrow Wilson by documenting the moderation of his statesmanship and the resilience of the separation of powers In doing so it sheds new light on American political development from Wilson's day to our own Throughout the twentieth century political scientists and public officials have called for constitutional changes and political reforms that were originally proposed by Wilson By reexamining the dilemmas presented by Wilson's program Stid invites a reconsideration of both the expectations we place on the presidency and the possibilities of leadership in the Founders system The President as Statesman contributes significantly to ongoing debates over Wilson's legacy and raises important questions about the nature of presidential leadership at a time when this issue is at the forefront of public consciousness
