Liao,2014-07-18 Migrating to Android for iOS Developers gives you as an experienced native iOS app developer the skills to  
learn native Android apps development from scratch Starting with preparing your Android integrated development  
environment and introducing just enough Android application framework fundamentals you ll understand how to create a  
simple but meaningful HelloAndroid project immediately This book provides the guidelines and tutorial projects to show you  
how to translate your existing iOS app to the Android platform You ll use your mobile app knowledge to structure your  
Android apps in a similar way to how you would structure your iOS apps To implement use cases with detailed screens the  
most common mobile topics are discussed including user interfaces managing data and networking with remote services As  
you move through the book you ll create Android apps with rich UI components to handle common CRUD operations locally  
and remotely There are many Android goodies described in the book Instead of relying on routine text descriptions you ll  
discover the uniqueness of Android and appreciate the many features that are unique to the platform This book also explores  
more powerful mobile UX patterns that are commonly used on the iOS and Android platforms When you finish reading  
Migrating to Android for iOS Developers you ll be an Android developer as well as an iOS developer And you will be fully  
convinced you can do everything in Android that you can do in iOS      *Altova® XMLSpy® 2011 User & Reference Manual*
