Étude des communications : information et communication interne Alex Mucchielli, 2005-08-02, 2e édition. Surcharge d'informations et percuter l'inattention de collaborateurs à bord. L'inefficacité des outils d'information interne. Circulation de rumeurs, valse des audits et des projets inutiles. Autant de cas de dysfonctionnement de la communication interne des entreprises. Les conséquences peuvent être extrêmement dommageables. Les bonnes intentions en la matière ne suffisent pas et un effort d'interprétation s'impose si l'on veut que la communication interne puisse jouer le rôle grandissant que lui confèrent les attentes des salariés et les besoins des managers dans les entreprises du XXI^e siècle. La deuxième édition de cet ouvrage présente une douzaine de cas types de ces dysfonctionnements. L'auteur analyse de manière systémique initiant ainsi le lecteur cette démarche particulière. Il en tire ensuite des leçons générales qui renouvellent les façons d'auditer ces problèmes et de concevoir des actions appropriées. L'approche théorique est ainsi clairement mise au service d'une amélioration des procédures d'audit et d'une meilleure organisation de la communication interne.
