Rosenbloom, Deborah D. Goldman, 1993 **Strangers Among Us** Roberto Suro, 1999-05-18 Strangers Among Us is a lucid informed and cliché shattering examination of Latino immigration to the United States its history the vast transformations it is fast producing in American society and the challenges it will present for decades to come In making vivid an array of people places and events that are little known to most Americans the author an American journalist who is himself the son of Latino immigrants makes an often bewildering phenomenon vastly more understandable He tells the stories of a number of large Latino communities linked in a chronological narrative that starts with the Puerto Rican migration to East Harlem in the 1950s and continues through the California bound rush of Mexicans and Central Americans in the 1990s He takes us into the world of Mexican American gang members Guatemalan Mayas in suburban Houston Cuban businessmen in Miami Dominican bodega owners in New York We see people who represent a unique transnationalism and a new form of immigrant assimilation foreigners who come from close by and visit home frequently so that they virtually live in two lands Like other groups of immigrants who preceded them onto American shores Latinos as they begin to find a place for themselves here are changing the way this nation thinks of itself These are people who defy easy categorization they are neither white nor black their households often include both legal and illegal immigrants most struggle toward some kind of economic stability but so many others fall short that they have become the new face of the urban poor Some Latinos endure the special poverty of people who work long hours for wages that barely ensure survival Their children grow up learning more from their televisions than from their teachers knowing what they want from America but not how to get it Looking to the future we see clearly that the sheer number of Latino newcomers will force the United States to develop new means of managing relations among diverse ethnic groups and of creating economic opportunity for all But we also see a catalog of conflict and struggle Latinos in confrontation with blacks Latinos wrestling with the strain of illegal immigration on their communities Latinos fighting the backlash that is denying legal immigrants access to welfare programs Critical both of incoherent government policies and of the failures of minority group advocacy the author proposes solutions of his own including a rejection of illegal immigration by Latinos themselves paired with government efforts to deter unlawful journeys into the United States and a new emphasis on English language training as an aid to successful assimilation Roberto Suro has written a timely controversial and hugely illuminating book **Medical-Surgical Nursing - E-Book** Sharon L. Just Schools Martha Minow, Richard A. Shweder, Hazel Rose Markus, 2008-04-22 Educators and policymakers who share the goal of equal opportunity in schools often hold differing notions of what entails a just school in multicultural America Some emphasize the importance of integration and uniform treatment for all while others point to the benefits of honoring cultural diversity in ways that make minority students feel at home In Just Schools noted legal scholars educators and social scientists examine schools with widely divergent methods of fostering equality in order to explore the possibilities and limits of equal education today The contributors to Just Schools combine empirical research with rich ethnographic accounts to paint a vivid picture of the quest for justice in classrooms around the nation Legal scholar Martha Minow considers the impact of school choice reforms on equal educational opportunities Psychologist Hazel Rose Markus examines culturally sensitive programs where students exhibit superior performance on standardized tests and feel safer and more interested in school than those in color blind programs Anthropologist Heather Lindkvist reports on how Somali Muslims in Lewiston Maine invoked the American ideal of inclusiveness in winning dress code exemptions and accommodations for Islamic rituals in the local public school Political scientist Austin Sarat looks at a school system in which everyone endorses multiculturalism but holds conflicting views on the extent to which culturally sensitive practices should enter into the academic curriculum Anthropologist Barnaby Riedel investigates how a private Muslim school in Chicago aspires to universalist ideals and education scholar James Banks argues that schools have a responsibility to prepare students for citizenship in a multicultural society Anthropologist John Bowen offers a nuanced interpretation of educational commitments in France and the headscarf controversy in French schools Anthropologist Richard Shweder concludes the volume by connecting debates about diversity in schools with a broader conflict between national assimilation and cultural autonomy As America's schools strive to accommodate new students from around the world Just Schools provides a provocative and insightful look at the different ways we define and promote justice in schools and in society at large

Schedlock,2012-08-20 The lure of cowgirls and cowboys has hooked the American imagination with the lure of freedom and adventure since the turn of the twentieth century The cowboy and cowgirl played in the imagination and made rodeo into a symbolic representation of the Western United States As a sport that is emblematic of all things Western rodeo is a phenomenon that has since transcended into popular culture Rodeo s attraction has even spanned oceans and lives in the imaginations of many around the world From the modest start of this fantastic sport in open fields to celebrate the end of a long cattle drive or to settle a friendly who s the best bet between neighboring ranches rodeo truly has grown into an edge of the seat money drawing and crowd cheering favorite pastime However rodeo has diverse history that largely remains unaccounted for unexamined and silenced In *Gender Whiteness and Power in Rodeo* Tracey Owens Patton and Sally M Schedlock visually explore how race gender and other issues of identity complicate the mythic historical narrative of the West The authors examine the experiences of ethnic minorities specifically Latinos American Indians and African Americans and women who have continued to be marginalized in rodeo Throughout the book Patton and Schedlock questioned the binary divisions in rodeo that exists between women and men and between ethnic minorities and Whites divisions that have become naturalized in rodeo and in the mind of the general public Using iconic visual images along with the voices of the marginalized Patton and Schedlock enter into the sometimes acrimonious debate of cowgirls and ethnic minorities in rodeo **Cultural Movements and Collective Memory** T. Kubal,2008-10-13 This book uses political process theory to examine three cultural movements around Christopher Columbus The author examines the religious ethnic and anti colonial movements most successful at rewriting national origin myth demonstrating the political process model while telling the story of how a powerless public mobilized to rewrite its past
