Law in Context Stephen Bottomley, Simon Bronitt, 2022-02-17 *Private Law in Context* Loth, Marc, 2022-02-15
Contemplating the nature practice and study of private law this comprehensive book offers a detailed overview of private law's theoretical dimensions. It promotes a reflective attitude towards the topic encouraging the reader to question how private law is practiced and studied what this implies for their own engagement in the field and what kind of private lawyer they want to be. This thought provoking book draws on examples from a range of legal systems to provide philosophical perspectives on the diverse dimensions of private law Employment Law in Context David Cabrelli, 2016 A contextual rigorous treatment of employment law featuring a running case example to show exactly how the law works and including extracts from key cases and source materials **The Common European Sales Law in Context** Gerhard Dannemann, Stefan Vogenauer, 2013-03-21 European Contract Law unification projects have recently advanced from the Draft Common Frame of Reference 2009 to a European Commission proposal for an optional Common European Sales Law 2011 which is to facilitate cross border marketing. This book investigates for the first time how CESL and DCFR rules would interact with various aspects of domestic law represented by English and German law. Nineteen chapters co-authored by British and German scholars examine such interface issues for eg pre contractual relationships notions of contract formation interpretation and remedies extending to non discrimination third parties transfers or rights aspects of property law and collective proceedings. They go beyond a critical analysis of CESL and DCFR rules by demonstrating where and how CESL rules would interact with neighbouring areas of English and German law before English and German courts how domestic traditions might influence the application which aspects might motivate sellers and buyers to choose or reject CESL and which might serve as model for national legislators. The findings are summarized in the final two chapters **Law in Context** Stephen Bottomley, Neil Gunningham, 1991 **The law in context series**, 2017 *Medieval law in context* Anthony Musson, 2020-01-03 Examines how medieval people at all social levels thought about law justice and politics as well as their role in society. Provides a clear structured view of judicial developments and experience of litigation in the thirteenth and fourteenth centuries. Offers a new perspective on both law and politics by focusing on the medium of legal consciousness and legal culture. Makes the specialised area of law accessible for the general reader interested in the medieval period
