

The background of the cover is a surreal, perspective-driven illustration of a long, arched hallway. The floor is made of large, reddish-brown square tiles that recede into the distance. The walls are composed of dark, textured stone or brick, with a series of arches on either side. The ceiling is a complex, golden-brown structure with many small, rectangular panels. At the far end of the hallway, a small figure of a person in a red dress stands in a bright, glowing light. The overall color palette is dominated by warm, golden-brown and reddish tones.

Italian Confraternities in the Sixteenth Century Christopher F. Black, 2003-08-28 Confraternities were and are religious brotherhoods for lay people to promote their religious life in common Though designed to prepare for the afterlife they were fully involved in the social political and cultural life of the community and could affect all men and women as members or as the recipients of charity Confraternities organised a great range of devotional cultural and indeed artistic activities in addition to other functions such as the provision of dowries and the escort of condemned men to the scaffold Other works have studied the local activities of specific confraternities but this is the first to attempt a broad survey of such organisations across the breadth of early modern Italy Christopher Black demonstrates clearly the extent diversity and influence of confraternal behaviour and shows how such brotherhoods adapted to the religious and social crises of the sixteenth century thus illuminating current debates about Catholic Reform the Counter Reformation poverty philanthropy and social control

Festive Funerals in Early Modern Italy Minou Schraven, 2017-07-05 Celebrated at the heart of a notoriously unstable period the Vacant See papal funerals in early modern Rome easily fell prey to ceremonial chaos and disorder Charged with maintaining decorum papal Masters of Ceremonies supervised all aspects of the funeral from the correct handling of the papal body to the construction of the funeral apparato the temporary decorations used during the funeral masses in St Peter's The visual and liturgical centre of this apparato was the chapelle ardente or castrum doloris a baldachin like structure standing over the body of the deceased decorated with coats of arms precious textiles and hundreds of burning candles Drawing from printed festival books and previously unpublished sources such as ceremonial diaries and diplomatic correspondence this book offers the first comprehensive overview of the development of early modern funeral apparati What was their function in funeral liturgy and early modern festival culture at large How did the papal funeral apparati compare to

those of cardinals the Spanish and French monarchy and the Medici court in Florence And most importantly how did contemporaries perceive and judge them By the late sixteenth century new trends in conspicuous commemoration had rendered the traditional papal funeral apparati in St Peter s obsolete The author shows how papal families wishing to honor their uncles according to the new standards needed to invent ceremonial opportunities from scratch showing off dynastic resilience while modelling the deceased s memoria after carefully constructed ideals of post Tridentine sainthood

Pastoral Drama and Healing in Early Modern Italy Federico Schneider,2016-05-13 Pastoral Drama and Healing in Early Modern Italy represents the first full length study to confront seriously the well rehearsed analogy of the pastoral poet as healer Usually associated with the edifying function of the Renaissance pastoral this analogy if engaged more profoundly raises a number of questions that remain unanswered to this day How does the pastoral heal How exactly do the inner workings of the text cater to the healing What socio cultural conventions make the healing possible What are the major problems that pastoral poetry as mimesis must overcome to make its healing morally legitimate In the wake of Derrida s seminal work on the Platonic pharmakon which has in turn led recent criticism to formulate a much more concrete understanding of the theater drug analogy the stringent approach to the therapeutic function of the Renaissance pastoral offered in this work provides a valuable critical tool to unpack the complexity contained within a little understood clich

The Pulpit and the Press in Reformation Italy Emily Michelson,2013-04-01 Italian sermons tell a story of the Reformation that credits preachers with using the pulpit pen and printing press to keep Italy Catholic when the region s violent religious wars made the future uncertain and with fashioning a post Reformation Catholicism that would survive the competition and religious choice of their own time and ours

Venice and the Radical Reformation Riccarda Suitner,2023-12-04 The Republic of Venice was the only Catholic territory in which an Anabaptist community formed in the 16th century The history of Venetian Anabaptism hitherto little known in Reformation Studies is the focus of this book Using a large quantity of archival material and rare printed sources Riccarda Suitner reconstructs the lives of the Republic s Anabaptists and the inquisitorial repression they suffered and analyses the doctrinal specificities of the Radical Reformation in this area This story represents a fundamental stage in the relations between German central European and Italian culture in the early modern period Events in Venice are presented within a broader comparative framework paying particular attention to the German states Switzerland the Polish Lithuanian Commonwealth Transylvania Moravia Tyrol and the Kingdom of Naples It will emerge that its Venetian history cannot be ignored if we are to gain a true understanding of the European Reformation
