Shanks,2016-03-28 This concise reader friendly introductory healthcare management text covers a wide variety of healthcare settings from hospitals to nursing homes and clinics Filled with examples to engage the reader s imagination the important issues in healthcare management such as ethics cost management strategic planning and marketing information technology and human resources are all thoroughly covered

The Best American Nonrequired Reading 2014 Daniel Handler,2014-10-07 Lively eclectic and surprising Minneapolis Star Tribune Daniel Handler aka Lemony Snicket author of the enormously popular young adult series A Series of Unfortunate Events takes over as editor for this volume He will work with the students of 826 Valencia and 826 Michigan writing labs to compile new fiction nonfiction poetry comics and other category defying gems ensuring that if you need to fall in love with reading again or just want a reminder that high school students deserve a lot more than their reading lists give them then this is the book for you Bust

Literature and Inequality Daniel Shaviro,2020-03-31 The consequences of high end inequality seep into almost every aspect of human life it is not just a question for economists In this highly accessible new work Professor Shaviro takes an interdisciplinary approach to explore how great works of literature have provided some of the most incisive accounts of inequality and its social and cultural ramifications over the last two centuries Through perceptive close readings of Jane Austen Charles Dickens and Edith Wharton among others he not only demonstrates how these accounts are still relevant today but how they can illuminate our understanding of our current

situation and broaden our own perspective beyond the merely economic **Bleeding-Edge Entrepreneurship** João J.

Ferreira, Patrick J. Murphy, 2023-01-26 This book contains an Open Access chapter Bleeding edge Entrepreneurship

illuminates new possibilities within the domain of business theory and practice expanding entrepreneurship's massive

potential to create unexplored physical and virtual realms **Ukraine and the Empire of Capital** Yuliya

Yurchenko, 2017-12-20 Since 1991 nominally independent Ukraine has been in turmoil with the Orange Revolution and the

Maidan protests marking its most critical moments Now its borders are threatened and the civil unrest and armed conflict

continue to destabilise the country In order to understand these dramatic events Yuliya Yurchenko looks to the country's post

Soviet past in this ambitious analysis of contemporary Ukrainian political economy Providing distinctive and unexplored

reflections on the origins of the conflict Yurchenko unpacks the four central myths that underlie Ukraine's post Soviet reality

the myth of transition the myth of democracy the myth of two Ukraines and the myth of the other In doing so she sheds light

on the current intensification of class rivalries in Ukraine the kleptocracy resource wars and analyses existing and potential

dangers of the rightwing shift in Ukraine's polity stressing a historic opportunity for change Critiquing the concept of

Ukraine as transition space she provides a sweeping analysis which includes the wider neoliberal restructuring of global

political economy since the 1970s with particular focus on Ukraine's relations with the US the EU and Russia This is a book

for those wanting to understand the current conflict as a dangerous product of neoliberalism of the empire of capital

Vladimir Putin and Russia's Imperial Revival David E. McNabb, 2017-07-05 Discerning the early stages of the rebirth of a

new Russian empire from the ashes of the Soviet Union Vladimir Putin and Russia's Imperial Revival argues that Russia's

recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War At the least Russia's

actions represent the potential for renewal This book explains these developments in a historical context The book begins by

describing Russia's initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign

policy of threatened or actual armed aggression It identifies today's Russia as a nation determined to re-establish itself as a

political and military force As a prominent figure in the development and continuation of its current foreign policy Vladimir

Putin plays a central role in the topics covered Previous literature often treats Putin as an individual phenomenon examining

his connections to corruption or the secret police but here David E McNabb examines him as the latest in a long history of

Russian despots who followed similar expansionist policies He details some of the tactics Putin uses to instill fear and

dominate political policies of republics newly independent from Russia These tactics include the use of energy as a weapon

cyber terrorism and military support for ethnic Russian separatists in other sovereign nations most recently exemplified by

Russia's annexation of Crimea from Ukraine via armed invasion In an attempt to demystify Russia's re-emergence as an

international political force Vladimir Putin and Russia's Imperial Revival grounds its analyses in history It explores as far

back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial

incarnation It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events **Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set)**

Union of International Associations,2014-06-16 Volume 1 A and B covers international organizations throughout the world comprising their aims activities and events **Entrepreneurial Development and Innovation in Family Businesses and SMEs**

Masouras, Andreas,Maris, Georgios,Kavoura, Androniki,2020-06-19 Entrepreneurship is very important for both entrepreneurs and economic development It helps boost innovation and competitiveness in every country and facilitates the creation of new jobs and new opportunities especially for family businesses and small and medium enterprises SMEs Both entrepreneurship and innovation constitute a subject that is both topical and timeless since institutions and the various institutional processes have always affected a country s sustainability Entrepreneurial Development and Innovation in Family Businesses and SMEs is an essential scholarly publication that contributes to the understanding improving and strengthening of entrepreneurial development and innovation s role in family businesses and SMEs by providing both theoretical and applied knowledge in order to find how and why entrepreneurship and innovation can produce inefficient and dysfunctional outcomes Featuring a wide range of topics such as women entrepreneurship internationalization and organizational learning this book is ideal for researchers policymakers entrepreneurs executives managers academicians and students Theatre

History Studies 2014, Vol. 33 Elizabeth Reitz Mullenix,2014-12-15 Volume 33 of Theatre History Studies explores war War is a paradox horrifying and compelling galvanizing and devastating a phenomenon that separates and decimates while at the same time creating and strengthening national identity and community bonds War is the stuff of great drama War and theatre is a subject of increasing popularity among scholars of theatre The essays in this special edition of Theatre History Studies brings together a unique collection of work by thirteen innovative scholars whose work explores such topics as theatre performances during war times theatre written and performed to resist war and theatre that fosters and promotes war The contributors to this volume write poignantly about nationhood and about how war through both propaganda and protest defines a people The contributors also delve into numerous fascinating themes that transcend time peoples nations and particular conflicts the foundations of nationalism and the concepts of occupied and occupier nostalgia and utopia and patriotism and revolution These essays survey a march of civil and international wars spanning three centuries Arranged chronologically they invite comparisons between themes and trace the development of the major themes of war Ideas manifest in the theatre of one period recall ideologies and propaganda of the past reflect those of the present and anticipate wars to come **Dawn of the Code War**

John P. Carlin,Garrett M. Graff,2018-10-16 The inside story of how America s enemies launched a cyber war against us and how we ve learned to fight back With each passing year the internet linked attacks on America s interests have grown in both frequency and severity Overmatched by our military countries like North Korea China Iran and Russia have found us vulnerable in cyberspace The Code War is upon us In this dramatic book former

Assistant Attorney General John P Carlin takes readers to the front lines of a global but little understood fight as the Justice Department and the FBI chases down hackers online terrorist recruiters and spies Today as our entire economy goes digital from banking to manufacturing to transportation the potential targets for our enemies multiply This firsthand account is both a remarkable untold story and a warning of dangers yet to come **Russian Environmental Politics** Ellie

Martus,2017-07-06 This book explores how policymaking works in Russia focusing on the important field of environmental policy It argues that contrary to the prevailing view that power is concentrated in the president s hands policy is in fact made by the bureaucracy and influential industry and industrial association lobbyists **Terrorism, Inc.** Colin P.

Clarke,2015-06-01 This in depth historical analysis of terrorism investigates the major funding streams of terrorists insurgents guerrillas warlords militias and criminal organizations throughout the world as well as the efforts of the international community to thwart their efforts Terrorist financing is an ongoing game of creating concealing and surreptitiously utilizing funds This intriguing book considers every facet of guerrilla funding from how activities are financed to what insurgents do with the revenue they generate to the range of countermeasures in place for deterring their moneymaking activities Case studies prompt an analysis of past government responses and inform recommendations for countering irregular warfare worldwide Author Colin P Clarke presents the business side of terrorism taking a look at the cash producing ventures he labels gray activities such as diaspora support charities fraudulent businesses front companies and money laundering as well as dark activities including kidnapping for ransom robbery smuggling trafficking and extortion He considers the transnational efforts to stop terrorist activities from wiretaps and electronic surveillance to financial sanctions and the freezing of funds and accounts and points to the emergence of interagency task forces for detaining and destroying the operations of major criminal organizations across the globe *Research Handbook on Corporate Crime and Financial Misdealing* Jennifer Arlen,2018-04-28 Jennifer Arlen brings together 13 original chapters by leading scholars that

examine how to deter corporate misconduct through public enforcement and private interventions Scholars from a variety of disciplines present both theoretical and empirical analyses of organizational and individual liability for corporate crime liability for foreign corruption securities fraud enforcement compliance corporate investigations and whistleblowing This Research Handbook also highlights promising avenues for future research **The European Banking Union** Giuseppe

Boccuzzi,2016-01-26 The 2008 financial crisis all but brought down the financial system and real economies of industrial countries The Banking Union took a broad approach to resolve the structural fragmentation and distortions in the European banking system which were major obstacles to a working single market for financial services This book examines the numerous changes happening to European legislations for the prevention and management of banking crises What emerges is a changing picture of regulations and institutions of goals tools and opinions public and private European and national all involved in the task The book focuses on the new framework for banking crisis management starting from the foundations of

banking regulation and supervision It explores the institutional architecture of banking supervision and crisis management the powers of the authorities the tools for administrative actions the complexities of business and bankruptcy laws individual rights and their legal guarantees *Vladimir Putin and Russia? Imperial Revival* David E. McNabb, 2017-07-05 Discerning the early stages of the rebirth of a new Russian empire from the ashes of the Soviet Union Vladimir Putin and Russia's Imperial Revival argues that Russia's recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War At the least Russia's actions represent the potential for renewal This book explains these developments in a historical context The book begins by describing Russia's initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign policy of threatened or actual armed aggression It identifies today's Russia as a nation determined to re-establish itself as a political and military force As a prominent figure in the development and continuation of its current foreign policy Vladimir Putin plays a central role in the topics covered Previous literature often treats Putin as an individual phenomenon examining his connections to corruption or the secret police but here David E McNabb examines him as the latest in a long history of Russian despots who followed similar expansionist policies He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia These tactics include the use of energy as a weapon cyber terrorism and military support for ethnic Russian separatists in other sovereign nations most recently exemplified by Russia's annexation of Crimea from Ukraine via armed invasion In an attempt to demystify Russia's re-emergence as an international political force Vladimir Putin and Russia's Imperial Revival grounds its analyses in history It explores as far back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial incarnation It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events **Europe's Eastern Crisis** Richard

Youngs, 2017-03-24 In recent years a series of crises have erupted on the European Union's eastern borders Russia's annexation of Crimea and the subsequent conflict in eastern Ukraine presented the EU with a major foreign policy challenge in both Ukraine and across the other countries of the so-called Eastern Partnership In response the EU has begun to map its own form of liberal redux geopolitics that combines various strategic logics This book traces the effect of these crises on the foreign policy of the EU examining the changes in policies towards the countries on its eastern borders the EU's review of the Eastern Partnership as well as the EU's relations with Russia overall It goes on to uncover whether the EU has contained the crisis or if it has set up new conditions for more instability in the future **Sustainable Development: Asia-Pacific**

Perspectives Pak Sum Low, 2022-01-13 The Asia Pacific region has been experiencing rapid development in the past 30 years and issues relating to sustainable development will become increasingly important in the coming decades This comprehensive overview presents sustainable development from the perspectives of Asia and the Pacific with contributions from more than 70 leading international experts The first part focuses on the theories and practices of sustainable

development including national and regional perspectives as well as international policies and law concerning climate change. The second part highlights the challenges and opportunities of sustainable development and poverty reduction amid the changing ecological, social, cultural, economic, and political environment in this region. These include issues such as the importance of science for sustainable development and related areas including sustainable energy, stratospheric ozone depletion, climate change, land use change, biodiversity, and disaster risk reduction. The volume is an invaluable reference for all researchers and policy makers with an interest in sustainable development. *India's Emerging Energy Relations* Girijesh Pant, 2015-10-09. This book analyzes the role of energy in Indian foreign policy, particularly in defining bilateral relations. It also focuses on the critical gaps in conceptualizing its formulations and recommends a framework for sustainable energy security. India, the fourth largest consumer of oil, is an energy deficit economy importing more than eighty percent of its needs. This makes securing energy integral to its foreign policy goals. Obviously, it is important for India to actively participate in the global energy market and establish robust, enduring, and nuanced diplomatic relations with energy exporting countries. Equally important is that India diversifies its energy mix and moves towards carbon-free growth. Renewable energy is today high on the global energy agenda. Indian energy policy thus has to address a range of issues domestically and on foreign turf. It has to move beyond the transactional mode by creating equity in the global energy industry. Today, the global energy regime is undergoing fundamental changes, as is the power dynamics of the global energy order. There are now many new producers and diverse consumers. The trade in energy has increased in volume, and its direction has shifted from the West to the East, and the ongoing structural changes in the energy market call for a new security architecture. Given the complex and competitive environment of the new geo-economics and geopolitics of energy, the question could well be: should India frame energy issues in conflict mode or move toward innovative cooperation? In either case, the message is that India needs an integrated energy security policy. [This Program Is Brought to You By...](#) Joshua A. Braun, 2015-11-24. Journalism: television, cable, and online media are all evolving rapidly. At the nexus of these volatile industries is a growing group of individuals and firms whose job it is to develop and maintain online distribution channels for television news programming. Their work and the tensions surrounding it provide a fulcrum from which to pry analytically at some of the largest shifts within our media landscape. Based on fieldwork and interviews with different teams and organizations within MSNBC, this multi-disciplinary work is unique in its focus on distribution, which is rapidly becoming as central as production to media work.

The Engaging World of E-book Books: A Comprehensive Guide Unveiling the Pros of Kindle Books: A Realm of Convenience and Flexibility E-book books, with their inherent portability and simplicity of availability, have freed readers from the constraints of hardcopy books. Gone are the days of carrying bulky novels or meticulously searching for particular titles in shops. Kindle devices, stylish and portable, seamlessly store an wide library of books, allowing readers to indulge in their favorite reads anytime, anywhere.
