**Redefining Geek** Cassidy Puckett, 2022-04-20 A surprising and deeply researched look at how everyone can develop tech fluency by focusing on five easily developed learning habits Picture a typical computer geek Likely white male and someone you d say has a natural instinct for technology Yet after six years teaching technology classes to first generation low income middle school students in Oakland California Cassidy Puckett has seen firsthand that being good with technology is not something people are born with it s something they learn In Redefining Geek she overturns the stereotypes around the digitally savvy and identifies the habits that can help everyone cultivate their inner geek Drawing on observations and interviews with a diverse group of students around the country Puckett zeroes in on five technology learning habits that enable tech savvy teens to learn new technologies a willingness to try and fail management of frustration and boredom use of models and the abilities to use design logic and identify efficiencies In Redefining Geek she shows how to measure and build these habits and she demonstrates how many teens historically marginalized in STEM are already using these habits and would benefit from recognition for their talent access to further learning opportunities and support in career pathways She argues that if we can develop recognize and reward these technological learning habits in all kids especially girls and historically marginalized racial and ethnic groups we can address many educational inequities and disparities in STEM Revealing how being good with technology is not about natural ability but habit and persistence Redefining Geek speaks to the ongoing conversation on equity in technology education and argues for a more inclusive technology learning experience for all students A Guide to Ontario School Law Benjamin Kutsyuruba, David Burgess, Keith Walker, J. Kent

Donlevy, 2014-05 A Guide to Ontario School Law is a comprehensive non partisan fair reading of provincial educational statutes regulations and relevant policies that will be a first aid and reference to the lay reader Our goal is to provide an up to date accessible and user friendly guide to various legal parameters for teachers aspiring teachers trustees school administrators central office administration parents and interested community members In particular the resources and insights in this guide are aimed at helping teacher candidates to develop literacy in educational law and policy and ultimately to successfully transition from teacher education programs into teaching careers *Teaching Students to Think Like*
