Schooling Corporate Citizens Ronald W. Evans, 2014-11-27 Schooling Corporate Citizens examines the full history of accountability reform in the United States from its origins in the 1970s and 1980s to the development of the Common Core in recent years. Based in extensive archival research, it traces the origins and development of accountability reform as marked by key government and business led reports from *A Nation at Risk* to *No Child Left Behind* and *Race to the Top*. By using the lens of social studies and civic education as a means to understand the concrete impacts of accountability reforms on schools, Evans shows how reformers have applied principles of business management to schools in extreme ways, damaging civic education and undermining democratic learning. The first full length narrative account of accountability reform and its impact on social studies and civic education, *Schooling Corporate Citizens* offers crucial insights to the ongoing process of American school reform, shedding light on its dilemmas and possibilities and allowing for thoughtful consideration of future reform efforts.

Cornebise, 1997 A study of the educational opportunities offered after WW1 to American soldiers of the American Expeditionary Forces (AEF). Some stayed in Europe and studied; art attended classes at the Sorbonne, took medical courses at London's Fellowship of Medicine, read law at the Inns of Court, enrolled in veterinary classes at the Univ of Edinburgh and studied French culture and language at numerous French univ and inst. About 10 000 men were involved in these programs. In addition, 10 000 soldier students attended the AEF's own univ at Beaune. For a few months in the spring of 1919, this univ was the largest in the English speaking world. Other educational opportunities of various sorts were made available to virtually every soldier in the AEF.

Illustrations **Pinkoes and Traitors** Jean Seaton, 2015-02-26 This compelling account of a turbulent period in the history of the BBC opens at a time of national decline under the Labour governments of Harold Wilson and James Callaghan and ends during Margaret Thatcher's iconoclastic Conservative premiership. The intervening years saw mass unemployment, trade union strikes and war in Northern Ireland and the Falklands, as well as legendary BBC programmes such as *Live Aid*, *Fawlty Towers* and *Dad's Army*. The Singing Detective and *Tinker Tailor Soldier Spy* and David Attenborough's *Life on Earth*. Comprehensively revised and expanded for this new edition, Jean Seaton's perceptive study presents an absorbing analysis of an institution that both reflects Britain and has helped to define it.
