To Create A Self Paced Email Course **The Illuminati** Mark Dice, 2009 Secret societies have both fascinated and frightened people for hundreds of years. Often the infamous Illuminati is mentioned as the core of conspiracies which span the globe. The Illuminati is actually a historical secret society which had goals of revolutions and world domination dating back to the 1770s. Since then rumors and conspiracy theories involving the Illuminati continue to spread, sometimes finding their way into popular novels like Dan Brown's *Angels & Demons* and Hollywood movies like *Lara Croft Tomb Raider*. Some men have even come forward claiming to be former members, offering details of what they allege are the inner workings of the organization. When you sift through all of the information available on the subject, you may be surprised that the truth is stranger than fiction. In *The Illuminati: Facts Fiction*, conspiracy and occult expert Mark Dice separates history from Hollywood and shows why tales of the secret society won't die.

Unfettered John Fetterman, 2025-11-11 In this candid memoir, United States Senator John Fetterman shares the story of his journey in public service, which started by winning his first election by a single vote in 2005, including unvarnished details of his life-threatening stroke and struggles with depression, the truth about what really happens in Washington, and his vision for navigating our divided country's future. In his early twenties, John Fetterman seemed to be set for life. He had an MBA, a job in the risk management industry, and a comfortable future ahead of him. Yet something felt missing, insufficient, lacking in purpose. Having paired with Big Brothers and Big Sisters after a close friend's tragic death, Fetterman decided to make a change and devote his life to public service, instead first in AmeriCorps, then as the mayor of Braddock, Pennsylvania, later as the state's lieutenant governor, and now as

its senior senator Today Fetterman is the consummate anti politician instantly recognizable for his 6'8" height his choice of facial hair and his signature hoodies A contrarian by nature he quickly developed a reputation as a pugilist willing to take on Republicans and Democrats alike in public if necessary Little did the world know that his biggest fight was being waged in private and often inside his own mind In *Unfettered* Fetterman reveals for the first time the full story of a life and career marked by battles from his work with community leaders to revitalize Braddock to his recovery from the stroke that nearly ended his political career to his lifelong struggles with the depression that landed him in Walter Reed National Military Medical Center and nearly ended his life At each step Fetterman displays a rare level of candor for a sitting senator sharing insights into the difficult and nonlinear path to mental health the strain his challenges have placed on his family the auditory processing issues he's still overcoming and more all in the hope of paying it forward for anyone who has struggled with the depths of depression in their own life Despite the toll the past few years have taken on him Fetterman's passion for making change remains Raw and visceral this memoir is an unapologetic account of his unconventional life a reminder that public service comes in many forms and a vision for fighting the battles that matter in a divided country
