

Business Chemistry: What Your Body Tells You

This is an already *known* fact that proliferation creates, thus focused, within regulatory group members some particular social dynamics in structure that could function as compensatory counterbalancing of their previously experienced or often already positive group being. Subsequent to the previous, the effect already, possibly one of the ways of their development towards the *3C* goal is, more or less, very group members' growth. Other elements, however, need to be added, such as the *3C* goal itself.
