La Diplomatie Sur Le Vif:

, La diplomatie sur le vif Roland Dumas, Bertrand Badie, Gaïdz Minassian, 2013 Roland Dumas a été l'un des principaux acteurs d'une période exceptionnelle sur le plan des relations internationales chute du mur de Berlin fin de la guerre froide émergence d'un Sud contestataire création de l'euro avènement de la mondialisation autant de ruptures qui ont refaçoné le monde contemporain L'ancien ministre d'Etat ami proche de François Mitterrand et maître d'œuvre si ce n'est penser de sa politique étrangère analyse ici ce lent et difficile passage entre deux siècles S'exprimant avec distance et lucidité il est sollicité par les questions les commentaires et les objections d'un universitaire reconnu dans le domaine des relations internationales et d'un journaliste spécialisé sur ces questions Entre mémoires et débats ce document mêle récits et confidences sur la façon dont furent prises les décisions gouvernementales et multilatérales des moments décisifs de l'histoire avec les considérations sur l'avenir du monde et des relations entre les pays d'un homme d'Etat qui s'est toujours voulu hors des passages cloutés de la diplomatie *New Perspectives on the International Order* Bertrand Badie, 2018-06-29 We are told again and again that the world has become increasingly complex and indecipherable However this book reminds us that we are no longer alone in the world that it is time to move away from the mental categories of the Cold War and stop treating all those who challenge our vision of the international order as guilty deviants or Barbarians The author challenges the diplomacy of Western states who want to continue to rule the world against history and in particular that of France which too often oscillates between arrogance indecision and ambiguity The power play is stuck The international order can no longer be regulated by a small club of oligarchs who exclude the weaker ones ignore the demands of societies and ignore the demands for justice that emerge from a new world where the actors are more numerous more diverse and more restive to arbitrary disciplines For this reason this book also offers ways to think an international order that would be if not fair at least less unfair **Les coulisses de la diplomatie** Jules Hansen, 1880 **Humiliation in International Relations** Bertrand Badie, 2017-07-27 In international relations IR some states often deny the legal status of others stigmatising their practices or even their culture Such acts of deliberate humiliation at the diplomatic level are common occurrences in modern diplomacy In the period following the breakup of the famous Concert of Europe many kinds of club based diplomacy have been tried all falling short of anything like inclusive multilateralism Examples of this effort include the G7 G8 G20 and even the P5 Such contact groups are put forward as if they were actual ruling institutions endowed with the power to exclude and marginalise Today the effect of such acts of humiliation is to reveal the international system's limits and its lack of diplomatic effectiveness The use of humiliation as a regular diplomatic action steadily erodes the power of the international system These actions appear to be the result of a botched mixture of a colonial past a failed decolonisation a mistaken vision of globalisation and a very dangerous post bipolar reconstruction Although this book primarily takes a social psychology approach to IR it also mobilizes the resources of the French sociological tradition mainly inspired by Emile Durkheim It is translated from *Le temps des*
