Sub-Saharan Africa Report ,1982 Twenty Years of Education Transformation in Gauteng 1994 to 2014

Maringe, Felix,Prew, Martin,2015-05-05 Twenty Years of Education Transformation in Gauteng 1994 to 2014 An Independent Review presents a collection of 15 important essays on different aspects of education in Gauteng since the advent of democracy in 1994 These essays talk to what a provincial education department does and how and why it does these things whether it be about policy resourcing or implementing projects Each essay is written by one or more specialist in the relevant focus area The book is written to be accessible to the general reader as well as being informative and an essential resource for the specialist reader It sheds light on aspects of how a provincial department operates and why and with what consequences certain decisions have been made in education over the last 20 turbulent years both nationally and provincially There has been no attempt to fit the book s chapters into a particular ideological or educational paradigm and as a result the reader will find differing views on various aspects of the Gauteng Department of Education s present and past We leave the reader to decide to what extent the GDE has fulfilled its educational mandate over the last 20 years *South African Pressclips* ,1991 ICT Education Richard J. You and Your Rights ,1992 Fundamentals of Soil Physics Daniel Hillel, 2013-10-22 This book is not in any case in total defiance of the Wise Old Man s admonition for it is not an entirely new book Rather it is an outgrowth of a previous treatise written a decade ago entitled Soil and Water Physical Principles and Processes Though that book was well enough received at the time the passage of the years has inevitably made it necessary to either revise and update the same book or to supplant it with a fresh approach in the form of a new book which might incorporate still pertinent aspects of its predecessor without necessarily being limited to the older book s format or point of view
