

SERVICING YOUR SHOP TOOL

MOTOR AND LATHE BED...

Your Shop Tool motor is permanently lubricated and needs no further service. The Lathe Bed is pre-lubricated at the factory. After prolonged use, oil the lathe bed rails with vaseline or light machine oil for smoother operation.

LATHE TAILSTOCK CENTER AND TAILSTOCK...

The plastic tailstock center may need a short "run-in" period before it turns freely in the tailstock. A light coating of vaseline on the large rounded end will help it along. Once it is running freely, no further lubrication will be necessary.

DRILL BITS AND LATHE TOOLS...

These parts are made from hardened steel and have a long-lasting cutting edge. If, after prolonged use, these parts become dull, we suggest you order the inexpensive new parts available from Mattel, Inc.

ADDITIONAL WOOD AND GLUE...

When you have used up the wood supplied with your Power Shop, you can buy more at a hobby shop or lumber yard. Your Mattel Power Shop works best with soft woods: mahogany, pine, or spruce. The sizes of wood supplied with your Shop are: 1"x1"x7" square and 1/2"x2"x9" flat. More white glue is available at most stores.

FOUR TOOLS IN ONE
