

Handbook of Grammar, Mechanics, and Usage

Grammar and mechanics are nothing more than the way words are combined into sentences. Usage is the way words are used by a network of people—in this case, the community of businesspeople who use English. You'll find it easier to get along in this community if you know the accepted standards of grammar, mechanics, and usage. This handbook offers you valuable opportunities in three sections:

- **Diagnostic Test of English Skills.** Testing your current knowledge of grammar, mechanics, and usage helps you find out where your strengths and weaknesses lie. This test offers 60 items taken from the topics included in this Handbook.
- **Assessment of English Skills.** After completing the diagnostic test, use the assessment form to highlight those areas you most need to review.
- **Essentials of Grammar, Mechanics, and Usage with Practice Sessions.** This section helps you quickly review the basics. You can study the things you've probably already learned but may have forgotten about grammar, punctuation, capitalization, mechanics (including capitalization, abbreviation, number style, and word division), and vocabulary (including frequently confused words, frequently misused words, frequently misspelled words, and transitional words and phrases). Practice sessions throughout this section help you test yourself and reinforce what you learn. Use this essential review not only to study and improve your English skills but also as a reference for any questions you may have during this course.

Without a firm grasp of the basics of grammar, punctuation, mechanics, and vocabulary, you risk being misunderstood, damaging your company's image, losing money for your company, and possibly even losing your job. However, once you develop strong English skills, you will create clear and concise messages, you will enhance your company's image as well as your own, and you will not only increase your company's profits but expand your own chances of success.

Diagnostic Test of English Skills

Use this test to help you determine whether you need more practice with grammar, punctuation, mechanics, or vocabulary. When you've answered all the questions, ask your instructor for an answer sheet so that you can score the test. On the Assessment of English Skills form (page H-2), record the number of questions you answered correctly in each section.

The following choices apply to items 1–10. In each blank, write the letter of the choice that best describes the problem with each sentence.

- A. sentence incomplete
- B. too many phrases/clauses strung together
- C. modifying elements misplaced (dangling)
