Imaginary Dialogue With God For Believers And Nonbelievers:

Imaginary dialogue with God Serge Toussaint, 2013-10-08 The following dialogue naturally presupposes the existence of God whilst you may be someone who does not believe he exists In that case you will probably consider this dialogue to be not only surreal but also puerile and even presumptuous and you have the right to do so It may on the contrary be a source of reflection and meditation In fact its sole aim is to incite you to deepen your own beliefs and as Blaise Pascal did in his time with his celebrated wager take a position albeit temporarily on the existence or non existence of God and on the conception you have of this Whatever conclusion you may come to after having read it I sincerely hope that you find the happiness to which we all aspire All the same I propose that you play along and take the questions that follow to be your own as if you yourself were putting them to Whom it may concern As to the replies obviously there is nothing dogmatic about them and for good reason Serge Toussaint Grand Master of A M O R C *Global Perspectives on Dialogue in the Classroom* Ashmi Desai, Hoa N. Nguyen, 2022-01-25 This book explores globally informed culturally rooted approaches to dialogue in the classroom It seeks to fill gaps in communication and education literature related to decolonizing dialogue and breaking binaries by decentering Eurocentric perspectives and providing space for dialogic practices grounded in cultural wealth of students and teachers We first describe the book s genesis contextualize dialogue within the global impact of the COVID 19 pandemic and share guiding concepts of inclusion intersectionality and authenticity in dialogue and pedagogy We also distinguish dialogue from other practices and times in which dialogue may not be possible The book brings fresh and urgent perspectives from authors across different disciplines including ceramics religious studies cultural studies communication family therapy and conflict resolution The chapters distill the idea of dialogue within contexts like a bible circle university sculpture studio trauma and peacebuilding program and connect dialogue to teaching learning and emerging ideas of power disruption in betweenness and relationality *Capitalism and the New Political Unconscious* Fabio Vighi, Riccardo Panattoni, 2023-03-23 Taking seriously Jacques Lacan s claim that the unconscious is politics this volume proposes a new understanding of political power interrogating the assumption that contemporary capitalism functions by tapping into forms of unconscious enjoyment rather than providing transcendental conditions for the articulation of political meanings and desires Whether we re aware of it or not political communication today targets the audience s libidinal response through political and institutional language in policies speeches tweets social media appearances gestures and images Yet does this mean that current power structures no longer need symbolic or ideological frameworks The authors in this volume think not Far from demonstrating a shift to a post ideological age they argue instead that such methods inaugurate an altogether novel approach to political power Written by leading scholars from around the world including Roberto Esposito and Slavoj i ek each chapter reflects on contemporary power and inspires consideration of new political potentialities which our focus on politics in transcendental rather than immanent terms has thus far obscured In so doing Capitalism and the New Political

Unconscious provides an original and forceful exploration of the centrality of both psychoanalytic theory and the philosophy of immanence to an alternative understanding of the political

No One Sees God Michael Novak, 2008-08-05 Surveying the contemporary religious landscape the division between atheist and believer seems stark However having long struggled to understand the purpose of life and the meaning of suffering Michael Novak finds the reality of spiritual life far different from the rhetorical war presented by bestselling atheists and the defenders of the faith who oppose them In *No One Sees God* Novak brilliantly recasts the tired debate pitting faith against reason Both the atheist and the believer experience the same dark night in which God's presence seems absent he argues and the conflict between faith and doubt stems not from objective differences but from divergent attitudes toward the unknown Drawing from his lifelong passion for philosophy and his personal struggles with belief he shows that far from being irrational the spiritual perspective actually provides the most satisfying answers to the eternal questions of meaning Faith is a challenge at times but it nonetheless offers the only fully coherent response to the human experience Ultimately *No One Sees God* offers believers and unbelievers the opportunity to find common ground by acknowledging the complicated reality of the human struggle with doubt Novak provides a stirring defense of the Christian worldview while sidestepping the shrill tone that so often characterizes the discussion of faith and given the challenges faced in the present age all who value liberty will find hope in his new way of conversing

An Imaginary Conversation with Muhammad Ali Eric v.d. Luft, 2016-09-19 Disclaimer 1 November 2015 I have never met Muhammad Ali and he probably does not know who I am The contents of this book are as the title says purely imaginary which is not to say fictitious for Ali and I are real people and there is no story here only social political literary and cultural criticism and commentary presented as if it were a conversation between us two The annotations are all editorial additions Disclaimer 2 August 2016 Muhammad Ali died in June 2016 when this book was in the final stages of preparation I would have liked to send him a copy Even though I never met him I miss him and I hope his life was really as wonderful as I think it was In his honor nothing in our imaginary conversation has been changed from before he died Let us not mourn his death but celebrate his life as if he would live forever at least in the spirit of all that is truly decent and human

ADDRESSING ATHEISM: Is Authentic Faith Possible? Gregory M. Weeks, 2018-08-13 Can you believe in God without checking your brain at the door We live in an age where atheism is on the rise and participation in religion is decreasing Just have faith does not carry weight any more Is it possible to believe in God today without setting aside our knowledge and reason If people are to believe with authenticity they must be encouraged to think critically as well as value their own unique experiences The roots of faith today grow best in the soil of honest questioning There is only a thin line separating sincere non believer from believer Our human limitations and subjectivity provide common ground for us to learn from each other regardless of belief or lack of belief in God Within that context an atheist will have an opportunity to view faith from a broader perspective while a believer will be challenged to use both mind and heart to grow deeper spiritually By opening up to God in a broader fashion like this we re better able to open up to each other as well
