error pilot error especially Human error also greatly effects productivity and profitability In his overview of this collection of  
papers the editor points out that these facts are often misinterpreted as evidence of deficiency on the part of operators  
involved in accidents Human factors research reveals a more accurate and useful perspective The errors made by skilled  
human operators such as pilots controllers and mechanics are not root causes but symptoms of the way industry operates  
The papers selected for this volume have strongly influenced modern thinking about why skilled experts make errors and  
how to make aviation error resilient      **Air Transportation Operations Inspector's Handbook** United States. Federal
