Pleasure in Ancient Greek Philosophy David Wolfsdorf, 2013 An examination of ancient Greek philosophical conceptions of pleasure which is the first book to compare them to contemporary conceptions **The Pleasure of Pictures** Jérôme Pelletier, Alberto Voltolini, 2018-07-17

The general aim of this volume is to investigate the nature of the relation between pictorial experience and aesthetic appreciation In particular it is concerned with the character and intimacy of this relationship is there a mere causal connection between pictorial experience and aesthetic appreciation or are the two related constitutively associated with one another The essays in the book's first section investigate important conceptual issues related to the pictorial experience of paintings In Section II the essays discuss the notion of styles techniques agency and facture and also take into account the experience of photographic and cinematic pictures The Pleasure of Pictures goes substantially beyond current debates in the philosophy of depiction to launch a new area of reflection in philosophical aesthetics

Moral Tribes Joshua Greene, 2014-12-30 Surprising and remarkable Toggling between big ideas technical details and his personal intellectual journey Greene writes a thesis suitable to both airplane reading and PhD seminars The Boston Globe Our brains were designed for tribal life for getting along with a select group of others Us and for fighting off everyone else Them But modern times have forced the world's tribes into a shared space resulting in epic clashes of values along with unprecedented opportunities As the world shrinks the moral lines that divide us become more salient and more puzzling We fight over everything from tax codes to gay marriage to global warming and we wonder where if at all we can find our common ground A grand synthesis of neuroscience psychology and philosophy Moral Tribes reveals the underlying causes of modern conflict and lights the way forward Greene compares the human brain to a dual mode camera with point and shoot automatic settings portrait landscape as well as a manual mode Our point and shoot settings are our emotions efficient automated programs honed by evolution culture and personal experience The brain's manual mode is its capacity for deliberate reasoning which makes our thinking flexible Point and shoot emotions make us social animals turning Me into Us But they also make us tribal animals turning Us against Them Our tribal emotions make us fight sometimes with bombs sometimes with words often with life and death stakes A major achievement from a rising star in a new scientific field Moral Tribes will refashion your deepest beliefs about how moral thinking works and how it can work better **Spiritual**

Thoughts for the Moment Dr. Jim Crissinger,2014-10-07 The power of God s word is often times hard to explain because of the influence and wisdom in those words and the emotions or feeling these words can often provoke within all of us You need to know and understand that we can trust and believe what God has provided and granted to us and that by acting upon God s word and not merely reacting to a situation we will be able to manage our emotions instead of allowing them to manage us I offer you this piece of personal advice You only have a lifetime to figure out how you are going to spend eternity Choose wisely

Picture Pedagogy Paul Duncum,2020-05-14 Contemporary societies are saturated with pictures They are globally a part of everyday life and they are seductive offering values and beliefs in such highly pleasurable forms that it is often difficult to resist their power to persuade Yet interpreting pictures is largely neglected in schools Picture Pedagogy addresses this head on showing that pictures can be used as a powerful form of classroom pedagogy Duncum explores key concepts and curriculum examples to empower you to support students to develop a critical consciousness about pictures whether teaching art media language or social studies Drawing on the interpretive concepts of representation rhetoric ideology aesthetic pleasure intertextuality and the gaze Duncum shows how you can develop your students skills so that their power as viewers can match the power of pictures to seduce Examples from the history of fine art and contemporary popular mass media including Big Data and fake news are drawn together and shown to be appealing to the same aesthetic pleasures Often these pleasures are benign but also problematic helping to promote morally questionable ideas about a range of topics including gender race and sexual orientation and this is explored fully

The Radical Fool of Capitalism Christian Welzbacher,2018-04-20 A fresh interpretation of Jeremy Bentham finding that his radical foolery embodied a social ethics that was revolutionary for its time Jeremy Bentham 1748 1832 is best remembered today as the founder of utilitarianism a philosophy infamously abused by the Victorians and the conceiver of the Panopticon the circular prison house in which all prisoners could be seen by an unseen observer later seized upon by Michel Foucault as the apotheosis of the neoliberal control society In this volume in the Untimely Meditation series Christian Welzbacher offers a new interpretation of Bentham arguing that his radical foolery paraphrasing Goethe s characterization of Bentham actually embodied a social ethics that was new for its time and demands proper historical contextualization rather than retroactive

analysis from the vantage point of late capitalism Welzbacher provides just such an analysis offering an account of the two great utilitarian projects that occupied Bentham all his life the Panopticon and the Auto Icon Welzbacher rescues the Panopticon from the misapprehensions of Foucault Orwell and Lacan arguing that Bentham saw the Panopticon as a pedagogical instrument incorporating the tenets of reason construction and function plan and influence architecture and politics are brought into alignment Bentham extolled the discovery in words that could easily be ascribed to Le Corbusier Bruno Taut or any other modernist architect The Auto Icon expressed Bentham's theories that the dead should benefit later generations these theories were effectively sealed when Bentham decided to have his body preserved and put on display It can be seen today in a cabinet at University College London He also donated his inner organs to science a practice outlawed at the time and posthumously stage managed his own ceremonial autopsy Welzbacher reveals a Bentham who raised questions that feel familiar and current invoking topoi that would come to define the modern era and that reverberate to this day

she may be changing her mind about having two men at the same time This book is a true report written by Shirley of Indiana in a letter to Joan Vegas For adults only Contains explicit details of sex between a woman and two men Includes blindfolds restraints and wife sharing SAMPLE One time while I was restrained Mel kiddingly told me that some night he was going to bring a group of motorcycle bikers to our bedroom to see enjoy and ravage your naked body while I was restrained Not funny I firmly told him But he replied Well not a group but I think it would be a kick to see another guy fill your pussy and give you pleasure I didn't comment That proved to be the first of numerous times during our love making that Mel would mention his fantasy of seeing some other man have sex with me The adult videos he brought home during that time tended to show two guys having sex with one gal He also brought home magazines that featured stories of two men one woman sex situations We read them together but I never expressed any interest in such sex play As a matter of fact SUGGESTED START OF SAMPLE I always told Mel that I could never see myself letting another man have sex with me I told him I just wanted him he was enough for me I was firm about rejecting the idea of having another man in our marital bed but underneath I did find the idea stimulating Then a little over two years ago Mel brought home a new sex toy a combination sleep mask blindfold That night while he had me restrained and was eating me he brought out the new toy He showed it to me telling me he wanted me to be deprived of vision to enhance my focus on the pleasuring sensations he was giving to my pussy He put it on me and tied it tightly I could not see anything not even any light from the edges He was right being deprived of sight allowed me to focus more intently on the pleasure he was giving me with his mouth tongue and fingers I found that I liked it However I also became more verbal as I reached peaks of pleasure As a result we limited that kind of play to nights when our son was visiting his grandparents That way I could let loose my expressions of pleasure without waking our son On about the third night that we shared this new blindfold game Mel had treated me to a couple orgasms with his mouth before he pulled away and said Now I'm going to let Fred bury his dick in your pussy and make you feel good
