Covering all the financial bases you can reasonably expect to confront in your lifetime like insurance, investing, income tax planning, Social Security, Medicare, and more, this vital resource begins with techniques to protect a consumer's personal and business assets. It then transitions into the wealth accumulation process and outlines tax management measures as well as the distribution of wealth for higher education, retirement, and estate planning purposes. Filled with in-depth insight and invaluable financial planning advice, this unique guide explains how to insure yourself, your family, and your property against the possibility of significant loss. Invest in financial or real assets or both. Practice effective tax planning and management techniques. Distribute your estate at death to your intended beneficiaries in a tax-efficient manner. And much more. With its no-nonsense, straightforward style and holistic view of the financial planning process, *Plan Your Financial Future* is the one resource you need to become a more knowledgeable saver and translate those savings into the accumulation of future wealth.

[The Essentials of Financial Analysis](#) Samuel Weaver, 2011-12-16 It's easier than you think to understand the financial reports you face every day. If your job focus is on managing employees and overseeing corporate affairs, financial analysis may sound like a foreign language to you. But in today's competitive business environment, it is crucial that managers and business executives have a firm grasp of financial analysis. *The Essentials of Financial Analysis* simplifies an often difficult-to-understand topic so stakeholders ranging from employees to executives to investors can understand and discuss an organization's financial workings. *The Essentials of Financial Analysis* delivers practical, in-depth coverage on the key components of financial reporting, budgeting, and analysis to help you better relate to the numbers behind the business issues you face every day. By the time you turn the final page of this book, you will be able to command confident discussions on performance, investment, and other financial situations with members of your finance team and senior management. This hands-on book helps you make better business decisions by showing you how to structure financial analysis as well as contribute to an organization's success and guide others companywide to make better financial decisions. Reduce cost of capital and hurdle rates by selecting the financial markets, intermediaries, and instruments that work best for your company's financing needs. Increase shareholder value by pursuing growth through capital investment, new products, mergers, and acquisitions, joint ventures, and other strategies. Your career success and the prosperity of your company depends on your ability to understand and act upon basic financial principles. With *The Essentials of Financial Analysis*, you can go inside the numbers and get a clear picture of where your company has been, where it is going, and how you can help it get there.
