**The Tongue-Tied Imagination** Tobias Warner,2019-03-05 Winner 2021 African Literature Association First Book Award Should a writer work in a former colonial language or in a vernacular The language question was one of the great intractable problems that haunted postcolonial literatures in the twentieth century but it has since acquired a reputation as a dead end for narrow nationalism This book returns to the language question from a fresh perspective Instead of asking whether language matters The Tongue Tied Imagination explores how the language question itself came to matter Focusing on the case of Senegal Warner investigates the intersection of French and Wolof Drawing on extensive archival research and an under studied corpus of novels poetry and films in both languages as well as educational projects and popular periodicals the book traces the emergence of a politics of language from colonization through independence to the era of neoliberal development Warner reads the francophone works of well known authors such as L opold Senghor Ousmane Semb ne Mariama B and Boubacar Boris Diop alongside the more overlooked Wolof language works with which they are in dialogue Refusing to see the turn to vernacular languages only as a form of nativism The Tongue Tied Imagination argues that the language question opens up a fundamental struggle over the nature and limits of literature itself Warner reveals how language debates tend to pull in two directions first they weave vernacular traditions into the normative patterns of world literature but second they create space to imagine how literary culture might be configured otherwise Drawing on these insights Warner brilliantly rethinks the terms of world literature and charts a renewed practice of literary comparison

**Bilingualism: A Social Approach** M. Heller, 2007-05-01 Arguing against a common sense view of bilingualism as the co-existence of two linguistic systems this volume develops a critical perspective which approaches bilingualism as a wide variety of sets of sociolinguistic practices connected to the construction of social difference and of social inequality under specific historical conditions

**Mouvements associatifs dans la francophonie nord-américaine** Collectif, 2012-07-13T00:00:00-04:00 Cette publication porte sur les mouvements associatifs et sur leur rôle dans la vitalité, l'évolution et la diffusion de la lecture d'expression française dans différentes collectivités d'Amérique du Nord. Il retient une conception large du mouvement associatif allant des associations et des organismes institués et mandatés aux réseaux plus informels. À partir d'une conception large du mouvement associatif allant des associations et des organismes institués et mandatés officiellement aux réseaux plus informels, l'ouvrage privilégie les thématiques suivantes : le rôle du politique dans la formation et fonctionnement d'associations, les centres culturels, les associations littéraires et artistiques, les mouvements associatifs chez les étudiants, les réseaux sociaux, les électroniques et enfin le rôle des mouvements associatifs des réseaux formels et informels dans l'intégration des nouveaux arrivants dans des espaces francophones pluriels

*Les défis du pluralisme à l'ère des sociétés complexes* Félix Mathieu, 2017-09-27T00:00:00-04:00 Le présent ouvrage propose une analyse théorique empirique et normative des débats qui portent sur l'aménagement de la diversité ethnoculturelle et sociale dans les démocraties libérales contemporaines. L'auteur veut repenser les fondements du fédéralisme canadien de sorte que le Canada soit véritablement ouvert à la diversité issue de l'immigration mais aussi celle de la nation minoritaire qu'elle soit des nations autochtones sans oublier la minorité nationale anglophone du Québec et le groupe anglophone majoritaire au Canada

**Les Juifs de la Révolution tranquille** Simon-Pierre Lacasse, 2022-11-23 La communauté juive québécoise occupe une position politique et culturelle unique en Amérique du Nord et au Canada. Pour cette raison, une identité juive se montre distincte de l'identité juive canadienne et québécoise. Elle se développe peu à peu dans l'histoire contemporaine québécoise, la période d'après-guerre jusqu'au milieu des années 1970 voit des changements décisifs s'opérer au sein de la communauté juive québécoise. Dès le lendemain de la guerre, les débats sociopolitiques québécois et les contacts croissants avec les Québécois d'origine canadienne française influencent le positionnement idéologique de la communauté juive québécoise. Dans une société largement clivée sur le plan confessionnel entre catholiques et protestants, les deux solitudes, les activistes juifs luttent pour la reconnaissance de leur communauté et incitent les acteurs politiques à réfléchir plus largement ce que l'on appelle aujourd'hui le vivre ensemble. Loin de demeurer en marge des espaces public et politique, plusieurs activistes communautaires du Montréal juif prennent la parole et défendent une société québécoise mergente au sein de laquelle le pluralisme occupe un espace grandissant.
