et maladies que les Drs Kinneer et Mulder ont traités au cours de leur longue carrière , **Finir le jour** Nathalie Billon, 2014-10-24T00:00:00-04:00 L'actualité de la mort et surtout comment ça va se passer à minuit Lorsque les gens savent que tu vas partir ils te disent ouvertement ce qu'ils pensent de toi Tout converge vers le bonheur que tu leur as donné ça me touche tellement J'aime les gens qui agissent normalement Je suis encore là et je suis pareille comme avant Je ne veux pas qu'on pense juste que je vais mourir La fin Le moment où nous balançons ultimement vers l'inconnu Ce moment nous savons tous qu'il sera impossible d'y échapper Pour certains d'entre nous cela arrive très vite sans préméditation Pour d'autres le chemin vers ce dénouement se mesure en jours en heures et finalement il y a l'instant juste avant cris dans un style accessible qui évoque le reportage Finir le jour parle précisément de cette tape et explore les questions liées à la fin de vie L'auteure est allée à la rencontre de ces femmes et ces hommes en phase terminale pour entendre ce qu'ils avaient à dire sur leur trépas Le résultat donne un ouvrage touchant de vérité *Voyage au bout de la vie* Bernard Martino, 1987-01-01T00:00:00+01:00 Au départ de ce voyage au bout de la vie que nul n'a très envie d'entreprendre il y a la conviction que l'être humain vit mal s'il se vertue fait tout prix l'économie d'une réflexion sur la mort Nous escamotons complètement la mort voulons l'oublier comme si ce faisant nous pouvions la contraindre nous oublier Autour de nous des personnes chères sont mortes sans que nous saisissons l'occasion de faire avec elles les gestes que nous sentions devoir accomplir Nous avons alors repris où nous l'avions laissé le cours de notre vie mais le sentiment de lâcheté nous a poursuivis s'est appesanti autour des choses de la mort une sorte de brouillard inquiétant vite chassé la pensée de notre propre mort vient à s'écrire une angoisse diffuse Peut-être est-il temps de remettre la mort à sa vraie place de comprendre que ce n'est pas autour de nous sa présence qui nous met en danger mais bien son absence sa disparition de notre paysage intime Il nous faut pour vivre mieux reconquérir quelque chose de toutes ces morts qui nous chappent Pour mourir en paix nous aurons besoin des autres comme ceux qui meurent aujourd'hui ont besoin de nous Entre la vie et la mort il y a une circulation un échange un dialogue incessant On ne peut sans se mutiler soi-même tenter de s'extirper de l'une la mort qui y loge Comme l'a écrit Edgar Morin La mort a besoin d'une maison et la maison a besoin d'un mort En réalisant Le voyage au bout de la vie sur une idée de Marc Horwitz Bernard Martino après l'extraordinaire succès de la série Le bébé est une personne à craindre sur TF1 Puis en écrivant ce livre Bernard Martino a voulu effectuer sur la mort une sorte de second voyage pousser plus loin sa réflexion La richesse et la diversité des témoignages recueillis tant auprès des mourants qu'auprès de ceux qui les accompagnent constituent peut-être l'analyse la plus authentique jamais publiée sur le sujet le plus tabou de notre société notre vision et notre approche de la mort se trouvent ainsi profondément modifiées **Les Thérapies familiales systémiques** Karine Albernhe, Thierry Albernhe, 2023-01-03 Les thérapies systémiques constituent une approche différente des troubles psychiatriques Elles sont fondées sur la prise en charge psychologique globale de la famille et ont comme point de départ la demande de soins formulée par un membre du système familial Cette notion de système définit la manière spécifique dont l'équipe soignante va aborder la demande de soins la

replacer dans un contexte plus large formuler des hypothèses thérapeutiques partir de références théoriques précises et valuer les résultats Cette philosophie du soin est bien implantée en France en particulier en psychiatrie infantile et pour des conflits intra familiaux Cet ouvrage devenu une référence sur le sujet propose une synthèse des différents courants de pensée systématique et constitue une approche solide et ouverte des recherches actuelles La richesse de ce livre tient galement la diversité des problèmes traités par l'abord systématique les troubles du comportement tous les gestes de la vie les crises conjugales et familiales ainsi que les crises intra ou interinstitutionnelles Le lecteur dispose ainsi de précieuses informations qui le guideront dans son développement personnel familial et professionnel Cette 5^e édition actualisée tient compte notamment des évolutions sociétales de la famille et de leurs implications dans la prise en charge et de l'élargissement des indications cliniques résultant de l'expérience accumulée autour de cette thérapie
