Tests in Print IV contains information on over four thousand instruments. Along with a brief description, entries include population, scoring, pricing, publisher information, and a reference list of professional literature citing articles relevant to individual instruments. Indexes of titles, classified subjects, names, and scores, as well as a publisher's directory and index, are included, with notations for out-of-print instruments. Information is given for tests in a wide range of areas, including education, psychology, counseling, management, health care, career planning, sociology, child development, social science, and research. Tests in Print IV also provides a comprehensive index to the Mental Measurements Yearbook by directing readers to the appropriate volume for reviews of specific tests. **Firefighter Entry Aptitude Test (FEAT) (C-4597)** National
