Moto Q 9c Consumer Report:

The Portable Radio in American Life Michael Brian Schiffer, 2022-04-19 As an artifact of culture the portable radio is an unusual but perfect subject for investigation by archaeologist Schiffer Seeing the history of everyday objects as the history of the life of a people he shows how the portable radio has reflected changes in American society as surely as clay pots have for ancient cultures

Consumer Behaviour Robert East, Malcolm Wright, Marc Vanhuele, 2008-05-19 A wonderful and very unusual balance between areas of marketing that are often at odds with each other or worse yet unaware of each other I recommend it to any student researcher or manager in marketing

Peter Fader Frances and Pei Yuan Chia Professor and Professor of Marketing Wharton School University of Pennsylvania Exceptional for the amount of relevant research that is presented and explained Students who have read and understood this text are likely to be much more of use to industry

Fergus Hampton Managing Director Millward Brown Precise Written in a focused and accessible form by respected marketing academics Consumer Behaviour helps readers to develop analytical and evidence based thinking in marketing and avoid more formulaic approaches that lack the support of research With a strong focus on the use of research this book will really appeal to the specific needs of higher level students The book covers important material that is often missing in consumer behaviour texts For example whole chapters are devoted to brand loyalty brand equity biases in decision making word of mouth the response to price and the effect of advertising Shorter reviews cover evidence on topics such as loyalty programmes the response to delay and retail atmospherics Chapters are quite short and divided into sections Each chapter contains exercises designed to draw out key ideas and consolidate understanding and there are suggestions for further reading A website to support the book has an Instructor's Manual that offers PowerPoint slides discussion of exercises computer programs a suggested Masters level course and a Word file of references to assist students writing assignments
