After Austen Lisa Hopkins, 2018-11-11 This collection of twelve new essays examines some of what Jane Austen has become in the two hundred years since her death Some of the chapters explore adaptations or repurposings of her work while others trace her influence on a surprising variety of different kinds of writing sometimes even when there is no announced or obvious debt to her In so doing they also inevitably shed light on Austen herself Austen is often considered romantic and not often considered political but both those perceptions are challenged here as is the idea that she is primarily a writer for and about women Her books are comic and ironic but they have been reworked and drawn upon in very different genres and styles Collectively these essays testify to the extraordinary versatility and resonance of Austen's books

Contemporary Women Writers Look Back Alice Ridout, 2011-01-13 Long before John Barth announced in his famous 1967 essay that late 20th century fiction was The Literature of Exhaustion authors have been retelling and recycling stories Barth was however right to identify in postmodern fiction a particular self consciousness about its belatedness at the end of a long literary tradition This book traces the move in contemporary women's writing from the self conscious ironic parodies of postmodernism to the nostalgic and historical turn of the 21st century It analyses how contemporary women writers deal with their literary inheritances offering an illuminating and provocative study of contemporary women writers re-writings of previous texts and stories Through close readings of novels by key contemporary women writers including Toni Morrison Doris Lessing Margaret Atwood Zadie Smith Emma Tennant and Helen Fielding and of the ITV adaptation *Lost in Austen* Alice Ridout examines the politics of parody and nostalgia exploring the limitations and possibilities of both in the contexts of feminism and postcolonialism
