

Indirect Characterization

Characterization means the creation of a fictional character. Characterization can be either direct or indirect. Direct characterization is what the author tells you about a character. Indirect characterization is what you can infer from the characters actions and interactions with other characters.

Read each short passage. Identify the implied character trait.

2. Ella and her sister both applied for the same job, and Ella's sister got it. Ever since she found out, Ella has been cold to her sister.
