

Direction (1 – 5): In each of the following questions two key words have been written in a code language. The letters in the code equivalent are not necessarily in the same order as letters in the key word for which they stand. Under them a third word has been given which has been written in four different code languages including the one in which the keywords have been written. Find the alternative which may be code equivalent in the code of the key words. That is your answer.
