Together this awesome collection stretches from the Baltimore Ohio's diminutive Tom Thumb steam locomotive generally considered the starting point of North American locomotive technology right up to today's high horsepower green models from General Electric and Electro Motive. The resulting volume which also reflects the grand geographic and technological breadth of railroading in North America is the ultimate gathering of great locomotive photographs for casual and hardcore railfans alike.

Vintage Diesel Power Brian Solomon, 2010-11-06 This formative period of diesel locomotive evolution is examined with the help of more than 250 modern and period photos depicting passenger freight and switching locomotives. Author Brian Solomon covers every prominent manufacturer of the period including Electro Motive, Alco, Baldwin, and GE as well as iconic models like Geeps, E and F units, PAs and FAs, sharknoses, U-boats, and more. The photographs take in the grand geographic and technological breadth of North American railroading and are accompanied by detailed captions identifying the locomotives pictured and explaining their roles in this crucial era of American railroading.
