| The teacher clearly states her intent to capture a significant portion of the school year in this SOG. This interval allows the teacher to use the first 6 weeks of school to disseminate data to help determine course preponderant and set solid starting points. This SOG includes all of her students.                                                                                                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                            |       |                |                    |                         |

| <b>NECCCS: 8.2 World History/Global Studies:</b> "Students should acquire the knowledge and skills to think analytically and systematically about how past interactions of people, cultures, and the environment affect issues across time and cultures. Such knowledge and skills enable students to make informed decisions as socially and ethically responsible world citizens in the 21st century" (NECCCS, 2000). The course content and habits of mind will improve students' understanding of major historical events and build the skills necessary for future courses in high school and college. The standards selected repeat in strands throughout the course. |                                                                                                                                                                                                                                            |       |                |                    |                         |
