CancerScam James T. Bennett, Thomas J. Di Lorenzo, For decades the American Cancer Society ACS explicitly forbade acceptance or use of taxpayers funds from government at any level However as public support for programs began to diminish and revenue growth leveled off the ACS reversed this policy It now actively seeks taxpayers funds In this sense it reflects a model of how America's major health charities are abandoning their traditional goodwill purposes and becoming political organizations As donors become disenchanted the charities view the taxpayer as an alternative and far more reliable source of funds and devote their political activity to raising taxes and earmarking the increased revenues for themselves Health charities subsequently lose their independence as the distinction between government and private charities becomes blurred CancerScam investigates Project ASSIST the joint undertaking between the American Cancer Society and the National Cancer Institute NCI CancerScam details the charities collaborative efforts to divert millions of dollars in federal cancer funds under the guise of improving the public health through reducing smoking to build political coalitions Bennett and DiLorenzo suggest that the antitobacco campaign is a smokescreen for raising taxes on tobacco and earmarking the increased revenues for the financial benefit of ACS and its allied charities CancerScam reveals how concern about the AIDS lobby's success in obtaining scarce research funds motivated the NCI to build political coalitions at the grass roots level which could lobby for federal funding of cancer research Bennett and DiLorenzo believe that public

support of the ACS will be undermined when its emphasis on politics becomes better known and its reputation erodes as it is perceived as little more than an extension of government subject to bureaucratic regulation and loss of independence

CancerScam is the follow up to Bennett and DiLorenzo's *Unhealthy Charities Hazardous to Your Health and Wealth* It is a brave effort that brilliantly shows how government bureaucrats steal funds intended for the highest public purposes and use them for narrow political advancement As such it will be of interest to those interested in public policy and political science nonprofit executives and policymakers

Nancy Reagan Kitty Kelley, 2011-10-18 A shocking portrait of the 1980s America and the woman whose position helped shape the values and policies of the Reagan administration Through over 1 000 interviews collected during four years of exhaustive research and reporting Kelley reveals Nancy Reagan as a superb public performer a vain materialistic social climber a bitter foe and formidable strategist an American phenomenon

We Do Our Part Charles Peters, 2019 The legendary editor who founded the *Washington Monthly* explores the resentful unequal uncaring parts of today's American culture that Trump has inflamed and that have made Trump possible and how to cope with them The Atlantic Foreword by Jon Meacham With clarity and wit the legendary editor Charles Peters explains the chasm that defines us today the split between the educated elite and the working class rural and religious voters who live in what's condescendingly but tellingly known as flyover country The beginning of the end of Trumpism will come when blue state sophisticates confront their role in creating the political economic and cultural resentments that propelled the forty fifth president into office Too many Democrats lost touch with the average American Peters argues when the liberal elite became more concerned with being smarter having better taste and making more money than with understanding why workers were earning less and hated being regarded with contempt It was this hatred of being looked down on as bigoted boobs in polyester that united working class rural and evangelical voters and helped set the stage for the culturally populist backlash of 2016 and beyond In *We Do Our Part* Peters shows us where we have been and where we are going drawing on his invaluable perspective as a man who has seen America's better days and still believes in the promise that lies ahead Praise for *We Do Our Part* Peters weaves a synthesis of mainstream and progressive centrist and popular thought that would re anchor the Democratic Party both in its own traditions and in outreach to the restless angry swath of the country that elected President Trump Peters is an American original The Washington Post A great book about modern American history Chris Matthews *Hardball*

Personnel Literature ,1983 The Wolves of K Street Brody Mullins,Luke Mullins,2025-05-13 A dazzling and infuriating portrait of fifty years of corporate influence in Washington The Wolves of K Street is a not so guilty pleasure The New York Times irresistibly dramatic spectacularly timely explosive in its revelations and impossible to put down In the 1970s Washington s center of power began to shift away from elected officials in big marble buildings to a handful of savvy handsomely paid operators who didn t answer to any fixed constituency The cigar chomping son of an influential congressman an illustrious political fixer with a weakness for modern art a Watergate era dirty trickster the city s favorite cocktail party host these were the sort of men who now ran Washington Over four decades they d chart new ways to turn their clients cash into political leverage abandoning favor trading in smoke filled rooms for increasingly sophisticated tactics such as shadow lobbying where underground campaigns sparked seemingly organic public outcries to pressure lawmakers into taking actions that would ultimately benefit corporate interests rather than ordinary citizens With billions of dollars at play these lobbying dynasties enshrined in Washington a pro business consensus that would guide the country s political leaders Democrats and Republicans alike A good lobbyist could ghostwrite a bill or even secretly kill a piece of legislation supported by the president both houses of Congress and a majority of Americans Yet nothing lasts forever Amid a populist backlash to the soaring inequality these influence peddlers helped usher in DC s pro business alliance suddenly began to fray And while the lobbying establishment would continue to invent new ways to influence Washington the men who d built K Street would soon find themselves under legal scrutiny on the verge of financial collapse or worse One would turn up dead behind the eighteenth green of an exclusive golf club with a 1 500 bottle of wine at his feet and bullet in his head An absorbing The Atlantic engrossing and meticulously researched tale The Guardian brought to life with novelistic detail and

considerable narrative skill The New York Times The Wolves of K Street is essential reading for anyone looking to understand how corporate interests are undermining American democracy **Global Perspectives on US Foreign Policy** S.
