Yves Congar's Vision of the Church in a World of Unbelief Gabriel Flynn, 2017-03-02 Yves Congar 1904 1995 was one of the chief architects of a remarkable renewal in Roman Catholic ecclesiology in the twentieth century His vision for ecclesial renewal led to a profound transformation of the Roman Catholic Church its relationship with other churches and the world This book considers the contribution made by Congar to that transformation Situating Congar's ecclesiology in the context of his whole theology the book presents for the first time a comprehensive study of two related aspects of Congar's thought unbelief and the notion of total ecclesiology Dr Flynn shows how unbelief provides the common inspiration for Congar's thought on the Church and constitutes the *raison d'être* for his entire programme of ecclesial reform at the Second Vatican Council This study demonstrates how Congar's total ecclesiology contributes to the restoration of unity and helps to redress unbelief Congar's vision for the future and his programme for ecclesial renewal centering on a church committed both to the preservation of its heritage and an openness to true reform is shown to be still pertinent to the churches in the third millennium a point accented by Pierre Marie Gy OP in his Preface to the work

Catholicism, Politics and Society in Twentieth-century France Kay Chadwick, 2000-01-01 Catholicism once the protean monster still functions as a complex component of French identity No consideration of modern France would be complete without reference to the enduring impact and influence of Catholicism on the life of the nation This volume sets out to capture some of the variety and significance of the Catholic phenomenon in twentieth century secular France and to

express something of its extraordinary vitality and interest Each contribution focuses on a specific theme or period crucial to an understanding of the role played by French Catholics and their Church Collectively these studies reveal that Catholics were involved in almost every event of consequence and voiced an opinion on almost every issue Equally the volume offers a collage of insights which reflects the fragmentation of Catholic activity and attitudes as the century progressed Being Catholic in modern France no longer means the espousal of a particular political or social agenda Nor does it necessarily mean regular and traditional religious observance or even strict adherence to the dictates of the Church Modern French Catholicism truly has many mansions
