Very few nurses had a formal introduction into radiology; rather, nurses began to apply our skills in this technology-dominated world as we identified the need. Entering radiology proved to be a challenge as we mastered a foreign language and gained an appreciation for the radiologists and technologists with whom we work. Over time, nurses began to compile their knowledge to pass onto new nurses; thus, the formal orientation process was born. *Lippincott Manual of Medical - Surgical Nursing Adaptation of Nettna: Lippincott Manual of Nursing* Suresh K.
