Funding Source

☒ Operating ☐ Capital ☐ Federal ☐ Other:

Narrative:

I. PURPOSE/RECOMMENDATION

LIRR requests MTA Board approval to award a three-year sole source contract to EMCOM Systems Inc. ("EMCOM") in an amount not to exceed \$108,696 to provide Maintenance services and Software Updates for existing EMCOM Emergency Communications systems (Blue Light Phones) used in LIRR Atlantic Avenue tunnel.

II. DISCUSSION

LIRR Operating Procedures and FRA Guidelines require regular inspection and maintenance of Emergency Communication Equipment in Tunnels. These systems (LIRR Atlantic Avenue Tunnel) include; Blue Light Emergency Telephone, Fire Alarm and 3rd Rail Power disconnect to LIRR Power Director and Transportation Tower Operators.

EMCOM Systems is the Original Equipment Manufacturer of: EMCOM System Maintenance Systems Station, Agent Station, Dialogic HMP, System Database and EmVista Central software which are all proprietary. These support services will include access to Vendor-supplied technical support services, system software modifications and software updates. EMCOM is the only known responsible source for these services. LIRR advertised its intent to award a sole-source contract to EMCOM and no other firm came forward offering equivalent products and services.

EMCOM provides maintenance for system and software maintenance and updates to MTA/NYCT at equally competitive prices per system. Accordingly, these prices have therefore been determined to be fair and reasonable.
