

"A leader just by words says – a promise is only about a better future. But the organization everyone should be able to see the value in and catch a part of it. That makes everything not just about making a contract to a future agenda that everyone can understand, understand and in favour of the people."

H. H. Rajagopal Pillay
Chairman and CEO, Indraprastha

Enhancing Trust

This past year has seen a sharp decline in several things we considered infallible. Once trusted financial institutions have fallen from their pedestals, stock markets and financial indices attest that the world today suffers its gravely undignified loss and there has been an erosion of the very factor that makes the world tick, trust.

Indraprastha, trust as its greatest asset and believes that it is the most precious tool in building faith and deepening alliances our stakeholders. These stakeholders – customers, employees, shareholders, social beneficiaries and vendor partners – keep their faith in us because of our unique value system and commitment to transparency and that we do. In the pages that follow, some of these stakeholders talk about their relationships with Indraprastha and what trust in the Company Trust has been a long time to build and which we continue to enhance each day. These are not just testimonials, but articles of faith.
