Wayne Ross, 2024-09-01 The Social Studies Curriculum Fifth Edition updates the definitive overview of the issues teachers face when creating learning experiences for students in social studies. Renowned for connecting diverse elements of the social studies curriculum from history to cultural studies to contemporary social issues, the book offers a unique and critical perspective that continues to separate it from other texts. The social studies curriculum is contested terrain both epistemologically and politically. Completely updated and revised, the fifth edition includes fourteen new chapters and covers the politics of the social studies curriculum, questions of historical perspective, Black education and critical race theory, whiteness and anti-racism, decolonial literacy and decolonizing the curriculum, gender and sexuality, Islamophobia, critical media literacy, evil in social studies, economics education, anarchism, children's rights, and Earth democracy and citizenship education. Readers are encouraged to reconsider their assumptions and understandings of the purposes, nature, and possibilities of the social studies curriculum.      Canadian Books in Print. Author and Title Index ,1975      **Research in Education** ,1974      **EdPsych Modules** Cheryl Cisero Durwin, Marla Reese-Weber, 2019-12-04 EdPsych Modules uses an innovative modular approach and case studies based on real-life classroom situations to address the challenge of effectively connecting theory and research to practice. Succinct stand-alone modules are organized into themed units and offer instructors the flexibility to tailor the book's contents to the needs of their course. The units begin with a set of case studies written for early childhood, elementary, middle, and secondary classrooms, providing students with direct insight into the dynamics influencing the future students they plan to teach. All 25 modules highlight diversity, emphasizing how psychological factors adapt and change based on external influences such as sex, gender, race, language, disability, status, and socioeconomic background. The Fourth Edition includes over three hundred new references across all 25 modules and expanded coverage of diversity in new diversity-related research.
